Venice Man Killed in Crash on Viaduct

J. L. Smith, 26, Dies As Auto Splits Apart in Striking Light Post

Jessie Lee Smith, 26, of 1225 (rear) Calhoun Street, Venice, an employee of the Etnis service station at 21st street and Grand avenue, was killed in a traffic crash on the Broadway railroad viaduct in Venice at 6 a.m. Saturday. Week-end Quad-City accidents totaled 32, with 10 persons injured.

Mr. Smith was driving west at high speed and his car may have gone out of control due to ice.

It skidded sideways onto the opposite side of the viaduct and its right front fender struck the right rear of the eastbound auto of Mrs. Norma Meyer, 43, East St. Louis, who was uninjured.

The 1963 red convertible operated by Mr. Smith then hit an iron post, knocking down a street light and almost disintegrating as the driver was thrown onto an embankment near the American Legion Post 307 driveway. The middle of the auto wrapped itself around the post, and front and rear sections landed at points on the embankment.

Born at Frenchman, Ark., he resided in that state until moving to Venice four years ago.

His wife, Erma, was in Belvedere, Ill., visiting a sister-in-law who is expecting a child.

Mrs. Smith also is an expectant mother; the Smith family here includes daughters, Rosemary, six years old, and Eltha Suspendash Smith, 18 months, and a son, Leo Thomas Smith, five years old.

Also surviving are his parents, Nathan Smith, Nodena, Ark., and Mrs. Lou Ella Williams, Proctor, Ark., and his brothers, George Smith, Hughes, Ark., and Bobby Smith, Memphis, Ark.

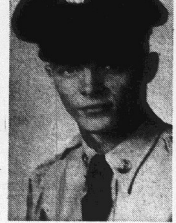

His remains were taken to an East St. Louis funeral home, and services are tentatively set for Wednesday or Thursday.

Four youths were injured when an auto driven by Kenneth Wicker, 21, of 12 Protnac lane, was struck head-on by a car containing Ralph Thomas, 18, of 539 Fleming place, and Billy Norton, 15, of (Continued on Page 20, Col. 3.)

Stanley Jackson Wounded as Mine Destroys Vehicle

Army Specialist-four Stanley Mack Jackson, 21, injured Nov. 22 in Vietnam when his Army personnel carrier was destroyed by a Viet Cong mine, has returned to combat duty with the First Battalion, Fifth Infantry Regiment.

The soldier, whose wife, Mrs. Jeanette Jackson, resides at

2631 Edwards street, is a son of Mrs. Lou Ellen Jackson, 1513 Market street, Madison.

The incident in which he was wounded occurred about 35 miles northwest of Saigon, Mrs. Jackson said. Telegrams from Army authorities were received by the serviceman's wife and mother.

The reports stated that Spec. Jackson suffered injuries to the arm and ear when the APC he was driving struck a Viet Cong mine and blew up.

Mrs. Smith also is an expectant mother; the Smith family here includes daughters, Rosemary, six years old, and Eltha Suspendash Smith, 18 months, and a son, Leo Thomas Smith, five years old.

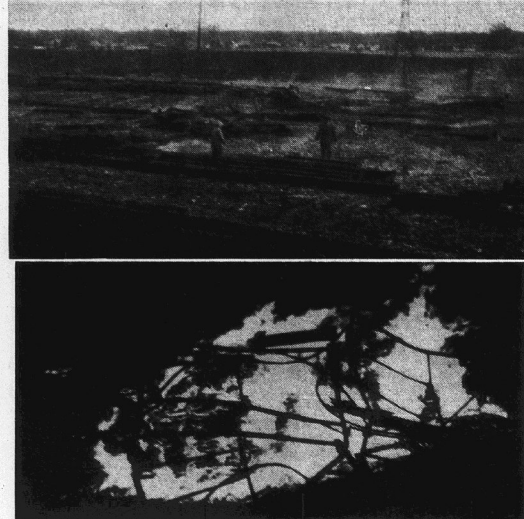

Also surviving are his parents, Nathan Smith, Nodena, Ark., and Mrs. Lou Ella Williams, Proctor, Ark., and his brothers, George Smith, Hughes, Ark., and Bobby Smith, Memphis, Ark.

His remains were taken to an East St. Louis funeral home, and services are tentatively set for Wednesday or Thursday.

Psychologist Resigns, Says 708 Destroying Vital Counseling Here

The Madison County Mental Health (708) Board is acting as an "anti-mental health" board and destroying Quad-City area counseling of the emotionally disturbed, a staff member of the Quad-Cities Center charged Friday in submitting his resignation.

The 708 Board, which advises the County Board of Supervisors, is seeking to ban release of tax funds to the Quad-Cities Center for the fiscal year that began Dec. 1 although \$102,770 was appropriated for the local center by the supervisors.

The 708 Board, which includes Edwin F. Reiske of Granite City and Harry R. Johnson of Madison and is appointed by County Board Chairman Harold Landolt, demanded that Jerry L. Staten be fired as executive director of the clinic here by Dec. 1. The demand was not complied with by the Quad-Cities Center board, whose president is Harold V. Thorne.

Dr. Kenneth L. Castelli, clinical psychologist, submitted his resignation to Staten and Thorne in a letter dated Thursday. It is to take effect Dec. 31.

Lack of Knowledge, Interest

Dr. Castelli said members of the 708 Board "clearly display to me an anti-mental health attitude and a very clear lack of knowledge and understanding about what is called mental illness."

He said the 708 Board consistently takes a negative stand on proposals affecting the field of mental health. He alleged that it disregards the welfare of the community.

Candidates in Effort to 'Force' Levee Election

An effort to bring about the election of a member of the East Side Levee and Sanitary district board of trustees in the 1970 balloting highlighted Quad-City area political action today as the filing period for the March 17 primary election moved into its last day.

Three candidates, two Democrats and one Republican, were reported this morning to have circulated petitions of candidacy for a place on the ballot for nomination and election as a levee board member to fill a vacancy created by the death earlier this year of Joseph Grant of Granite City.

The action reportedly was undertaken under a section of the statute which is said to require an election to fill a vacancy if petitions of candidacy are filed, regardless of whether the vacancy officially has been declared.

As to File Today

As a result, Paul Zupan, business representative of Bricklayers Union Local 65, circulated petitions last week for a spot on the Democratic ballot. Political sources said petitions also were circulated by Republican workers for Edward Werner, Madison county deputy corner, for a place on the Republican ballot. Both Granite

Citizens were reported planning to attempt to file the petitions with the county clerk's office in Springfield later today.

The third candidate, a Democrat, who circulated petitions this morning and said he filed in Edwardsville this afternoon, is Walter D. "Shag" Greathouse, 34 Riviera drive.

Zupan said he had prepared petitions and will attempt to file them. Werner denied he had petitions ready for such action.

Other GOP sources said, however, that they were certain Werner was ready to file.

Leon Scroggins, Granite City attorney who is credited with citing the statute under which such filing action would be possible, said he would "neither confirm nor deny" that he had any part in the move.

Political observers had contended earlier that it was unlikely the levee board vacancy would be filled since Gov. Ogilvie had failed to declare the vacancy and issue a writ of election. Miss Eulalia Hotz, Madison county clerk, said citations for a levee board member could not be arranged unless the governor called a special election, since there is no regular election of levee

Plans Under Way To Rebuild Warehouse Destroyed in Blaze

SIMAPC Board Elects Karandjeff As President

Henry D. Karandjeff, local banker, was elected president of the Southwestern Illinois Metropolitan Area Planning Commission during the 29th quarterly meeting conducted in Monroe county near Waterloo Thursday evening.

Guest speaker at the meeting was Lawrence Roos, St. Louis county supervisor, who stressed he was 100% behind the plan for location of the

H. D. KARANDJEFF SIMAPC President

next major airport in Illinois.

Roos also emphasized the importance of retaining local government functions and leadership while developing overall area plans and working together to solve common problems. He pointed out that heads of local governments are serving such purposes through SIMAPC and the East-West Gateway Coordinating Council.

Elected to serve as officers with Karandjeff were Charles Chenoweth of Belleville, vice president; Raymond Rippelmeyer of Valmeyer, re-elected secretary; and Edward Holzweg of Collinsville, re-elected treasurer.

Named to the executive committee were Alton May of Alton, Nameki Township Supervisor Harry Briggs, Edwin Lee of Alton, Carl Calvert of Belleville, Barney Metz of Duplo, Wetzel Harness of East St. Louis and Jack Norman of Columbia, Metz, who is mayor of Duplo, is the retiring president.

As president of SIMAPC, Karandjeff will be the commission's representative on the East-West Gateway Council. SIMAPC is the area planning agency serving Madison, St. Clair and Monroe counties.

Special recognition was given the local banker for his 32-year effort in securing state park status for the local Horseshoe Lake area. Karandjeff has headed the Horseshoe Lake State Park Commission for nearly two decades.

In his talk to the plan group, St. Louis County Supervisor Roos noted that the two-state metropolitan area now has a population of 2½-million persons with 464 local government agencies and that the population by 1980 will be nearly 3½-million.

Facilities to be Doubled

"More far-reaching," he added, "in the next 30 years facilities will have to be doubled."

Fire of Undetermined Origin Destroys \$500,000 Frame Structure at Tri-City Port; Flames Attract Hundreds to Scene

Planning began this morning to rebuild the \$500,000 fertilizer warehouse destroyed in a raging blaze last night at the Tri-City Regional Port District on the Chain of Rocks canal.

Carl Ranft, Tri-City Port manager, said the loss was covered by insurance, and that an emergency meeting of the port commissioners is being scheduled for this afternoon or tomorrow morning.

'Tree of Lights' Reaches \$5228; \$1772 Sought

With distribution of Christmas food baskets to needy Quad-City families only one week away, the Salvation Army's "Tree of Lights" campaign still is short nearly \$1800 to reach the 1969 goal—\$7000.

Contributions to date total \$5228, illuminating 428 bulbs on the Christmas tree in Memorial Park. Donations to the Salvation Army's annual Yuletide project will provide food baskets, toys and clothing for nearly 600 families in the four local communities.

Leading this year's "Tree of Lights" drive is Mrs. Lily Chaboud, who is making an appeal to contributors for donations to be sent to the Salvation Army headquarters, 1239 Nineteenth street, as soon as possible.

Capt. Harold F. Thomas, local SA commander, said today that members of the Granite City Rotary club collected \$453 for serving as bellringers at the Army's Christmas kettles.

A cash contribution, totaling \$331, was made Friday by Eagles Aerie 1126, turning on 12 lights on the large Christmas tree.

Latest contributors to the "Tree of Lights" include: City of Madison employees; Dr. John E. Lee; Granite City Jaycees; St. John United Church of Christ Evening Guild; Houser Automotive (four lights); Nameki Cleaners; International Chemical Workers Union Local 58; and J. S. M. Dashwood.

Five Undergo Surgery At Local Hospital

The following are recovering from surgery which they underwent at St. Elizabeth's Hospital:

Mary Casey, 1519 Collinsville avenue; Madison; Nellie Hickman, 3017 Central avenue; and Verdelia Esters, 102 Lee Wright Homes, Madison.

Vandals Damage Auto

Lyle Hillman, 3415 Delta avenue, reported at 11:35 a.m. Sunday that before midnight Saturday someone entered his 1963 auto, knocked out glass on the instrument panel, the clock and the dome light and bent the radio antenna.

Act on Chamber Program

The 1970 "program of work" of the Chamber of Commerce of the Tri-Cities will be completed by the December board meeting on Monday at Sunset Hill Holiday Inn.

'Singing' Christmas Tree To Be Erected in Parkway

A "singing Christmas tree" standing 32-feet high is being erected in the 24th street parkway at Grand avenue from which 30 carolers of the First Assembly of God Church will sing next Saturday, and Monday and Tuesday of next week at 7 and 8 p.m.

Rev. M. A. Groff, pastor, said men of the church are erecting a scaffolding which will be covered with green branches and lights.

"The carolers will be about 30 carolers of the church will climb into the branches of the

man-made tree to sing the songs of Christmas," Rev. Groff pointed out.

"The purpose of the singing tree," he added, "is to present to the community the true message of Christmas in song."

"The carolers will be at 7 and 8 p.m. on Saturday, Sunday, Monday and Tuesday of next week, and we invite the public to see and inspire Christmas presentation," he said.

"The carolers will be at 7 and 8 p.m. on Saturday, Sunday, Monday and Tuesday of next week, and we invite the public to see and inspire Christmas presentation," he said.

The blaze of undetermined origin completely destroyed the huge 60,000-sq-ft fertilizer warehouse that was nearing completion for the Bulk Service Corp. of Riverdale, Ill. Ranft said he was in touch with the firm's officials last night and they are expected to arrive here at any time.

Deputy State Fire Marshal Andrew Gasparovic is being called upon to investigate the possibility of arson in the blaze which started about 7:30 p.m. Sunday. Ranft said he has been considerable vandalism at the warehouse in the past several months.

Flames from the 200x500-foot frame warehouse, which stood 72 feet high, were visible for 25 miles, and, burning embers touched off fields and threatened homes in the West Granite area.

Householder Burned

Frank Baldwin, 32, suffered burns to his scalp as he played water from a garden hose at his home at 2901 Harding Blvd. Baldwin, a truck driver, was not hospitalized, but plans to see his physician today.

Other homeowners along Harding and Independence drive also used hoses to wash falling embers off their roofs, and a Granite City fire truck stood by.

Granite City firemen were called at 7:35 p.m. and reported they could see the flames as they left the West Granite and main fire stations.

The Port District is outside the city limits and is not in the city's fire district. However, a Granite City pumper put out a blaze threatening an R. Dron Building Co. office trailer that was later pulled to safety. Fire Chief Earl Probnagher said he also called upon the Army Depot fire department for standby aid.

No Water Lines

The fire chief added that there are no water lines in the area and no fire hydrants at the port.

No one was hurt in the warehouse blaze which burned past midnight. The flames gave out intense heat and dense smoke and attracted hundreds of spectators. Granite City police kept crowds away from the fire, but the canal levee road offered an ideal point from which to view the fire.

The huge dimensions of the warehouse were outlined by small blazes that were under way throughout the area in nearly every section of the wooden structure.

Construction on the building began in March, and the warehouse was to have been placed in operation with 10 to 15 employees on Feb. 1.

Ranft said work is continuing today on the docking facilities for loading and unloading bulk merchandise. It is being connected with the warehouse site by a large conveyor which spans the east levee of the canal. The Tri-City Port manager said the bulk handling facilities are also scheduled for completion by Feb. 1.

The warehouse itself was completed except for installation of electrical wiring. Stored inside the structure were lumber and steel framework for construction of bins. G. H. Sternberg of the G. H. Sternberg Co., contractor for the project, estimated his losses at \$22,000, including the bin materials, a compressor and other equipment in the building.

County Trailer Park Bill Due for Action by Board

A proposed ordinance licensing and controlling trailer park operators in unincorporated areas of the county is expected to be on the agenda of the Madison county board of supervisors at its monthly meeting Wednesday morning.

The board's investigation and license committee agreed to a plan for the bill at a recent session with representatives of 34 trailer parks in the county, after a previous bill was stalled at the last meeting of the county board.

Under the plan, designed to enforce payment of personal property taxes by mobile home owners, each operator would pay an annual fee of \$50 plus \$3 for each paid. It would eliminate a \$50 state fee.

In the November proposal, the committee sought an additional fee of \$100 for each occupied trailer space, which would be repaid if personal property taxes are paid by mobile home owners. If retained, the half of the \$100 would be given to school districts.

Operators then objected that the plan would force many of them out of business and would require them to become tax collectors; the job of the county treasurer as ex-officio tax collector.

Kenneth Harbarger, co-owner of Holliday Home Park in Mitchell and a spokesman for the operators, said the owners would assist the county in obtaining revenues from transient mobile home owners who move into their parks after the April 1 assessment.

Under the old ordinance, which included licensing provisions for motels, operators pay a \$50 state fee, a \$25 county fee and a \$2 fee for each trailer pad.

Mrs. Helen McIlroy Succumbs at Age 83

Mrs. Helen Josephine McIlroy, 83, a Kirkpatrick Homes resident until moving about a year ago to the Redwood Nursing Home, Troy, died at 3:40 a.m. Sunday at St. Joseph's Hospital, Highland. She had been a patient there three days.

Born in Gumlog, Ark., Mrs. McIlroy had resided in the Quad-City area since 1887. She is survived by her husband, Charles McIlroy; two daughters, Mrs. Frank (Norma) Trautwein, St. James, Mo., and Mrs. Floyd (Ruth) Watkins, San Gabriel, Calif.; and three grandchildren, nine great-grandchildren and one great-great-grandchild.

Funeral arrangements are given in the obituary column.

Auto Strikes Fence

An auto driven by Martin Craycraft, 2049 Edison avenue, struck and damaged the fence at the General Steel Industries plant, 1400 State street, at 12:40 a.m. Saturday. He said another car attempting to pass him forced his vehicle off the road.

Added Authority for Public Aid Committee

State Sen. Merrill Ottwein (R, Edwardsville) today explained the expanded investigative powers of the State's Legislative Advisory Committee on Public Aid.

Sen. Ottwein pointed out that a bill adopted during the 1969 session of the General Assembly gives the panel subpoena powers. The measure has been signed into law by Gov. Richard B. Ogilvie. The legislation received widespread bipartisan support.

The 12-member committee, which has equal representation from both houses and both political parties, is the state's welfare watchdog agency. Its chief duties include submitting a report on the effectiveness and efficiency of the Department of Public Aid to each session of the General Assembly.

Mrs. Mary Stahl Dies In Hospital at Age 59

Mrs. Mary Rosa Stahl, 59, Alton, who operated shelter care homes for the aged in the Alton area from 1950 until 1964, died Thursday afternoon at Barnes Hospital, St. Louis, where she was a patient the past month. She leaves two brothers and two sisters in the Quad-Cities.

Survivors include her husband, Clarence Stahl; one son, Clarence Barton of Alton; three brothers, Walter Hargis of Venice, Robert Hargis of Granite City and John Hargis of St. Louis; four sisters, Misses Virginia and Margaret Hargis, both of Venice, Mrs. Vera Hargis of Alton and Esther Hargis of California; and three grandchildren.

Funeral services were held Saturday in Alton.

The new ship will be home ported at Long Beach and will operate as a coastal patrol boat and as an escort to military convoys.

Rear of Auto Struck

The right rear of an auto driven by Margaret D. Jones, Rural Route One, who was stopped in traffic, was struck by an auto driven by Ray C. Mercer, 1929 (r) Cleveland blvd., at 1 p.m. Thursday at 22nd street and Cleveland blvd. Mercer was charged with following too closely.

Zoning Board Ok's Requests In 8 Petitions

The Madison county zoning board of appeals recommended approval of eight petitions for rezoning tracts of land and for special use permits in Nameoki and Chouteau townships.

They are subject to approval by the county board of supervisors at its meeting Wednesday morning in Edwardsville. William Nichols, owner, obtained a qualified approval for a special use permit for the milking, loading and hauling of sand, gravel, topsoil or other aggregate or minerals in an agricultural district in Nameoki township along Bend road.

If the property is to be acquired by any local, state or federal government agency for the purpose of creating a park, the property will be sold with an agricultural classification as it exists now. The provision will be binding on any future owners.

Others receiving recommended approval are: Arnel and Carol Allen to rezone a tract of land from R-3 one-family residence district to B-3 highway business district in Nameoki township with a stipulation the proposed construction comply in all respects with the county building code. It is located on Collinsville road just east of the Gen. store.

Evelyn Leu, owner, to rezone a tract of land from R-3 one-family residence district to B-3 highway business district in Chouteau township, located at the northwest intersection of St. Thomas road and West Chain of Rocks road.

Jack V. Patrick, owner, a special use permit to place a mobile home sales and display in an R-3 one-family residence district in Nameoki township at 4108 Division street. Gerald M. Farris and Edwin Gerdes, owners, to rezone a tract of land from R-3 one-family residence district to B-3 highway business district with a special use permit to establish a mobile home park and a sewage treatment facility in Chouteau township. It is located at Maryville road and Route 66 across from Sun 'n Fun beach.

Robert Douglas, owner, a special use permit to place a mobile home in a B-3 highway business district in Chouteau township for a period not to exceed the lifetime of an uncle, Cecil Matthews, and for his own personal use. The location is 350 feet west of Highway 3 on the south side of West Chain of Rocks road.

Dovie M. Millard, owner, a special use permit to place a mobile home in an R-3 one-family residence district in Nameoki township for the duration of the lifetime of the petitioner and for her use only. The location is on Warnock avenue, Greater Granite Heights subdivision.

Rno Zurkuhlen, owner, and James O. Stephens, occupant of a mobile home, a special use permit to place a mobile home in an R-2 one-family residence district in Nameoki township on Bend road about 1200 feet east of Sandy lane.

More Clean Air Controls Urged at State Group's Hearing

Recommendations for state and local actions that would result in cleaner air in the Madison-St. Clair county sector of the Metropolitan area, including laws that would ban leaf burning, were submitted by Quad-City area representatives Friday at a hearing of the Illinois House Air Pollution Study Commission in East St. Louis.

The hearing was the first of two such sessions planned in this area by the commission which will compile recommendations for stepping up air pollution control to the Illinois Legislature. The committee expects to complete its work and make a report to the House by March 31.

The second hearing, to be held at a later date not yet set, will receive testimony from municipalities and other government bodies concerning possible changes in present legislation, new methods of control, changes in standards and other revisions that would advance the cause of air pollution control. The Granite City Air Pollution Control Board had planned to submit testimony at Friday's hearing, but the commission limited that hearing only to individuals who wished to make statements or file complaints.

Cites Major Factors
George Arnold of Southern Illinois University-Southwestern campus, who is consultant to the Madison County air pollution control committee of the county board and active in the Illinois Citizens' Clean Air League, told the committee that he believes two major factors are involved in an improvement of pollution control in Illinois.

These, he said, are the requirement of a better air pollution control law and, secondly, a bigger state budget that would permit more research and more widespread enforcement activity.

In general, he said, Illinois

STRESSING A POINT in witness chair, Ferd Segar, of Granite City, testifies before Illinois House Air Pollution Study Committee in hearing at East St. Louis Friday. J. Theodore Meyer, Chicago, chairman of committee in center at table, presided at hearing. State Rep. Horace Calvo of Granite City, to right of Meyer, is Madison-St. Clair county subcommittee chairman. At left is State Rep. Ed Lehman of East St. Louis, also member of study committee.

present pollution control law is cumbersome and does not delegate enough authority to political subdivisions. He said, upon questioning by one of the commissioners, that the Illinois air standards, which are equal to those of Chicago and St. Louis federal air control regional standards required by the government, "are good," but when pressed for his opinion of sulphur-dioxide limits, said he preferred lower ones than now in effect.

Steelworker Views
Also among ten witnesses to appear before the committee was Buddy Davis, representative of the United Steelworkers of America at the local subcommittee office, who cited instances of air pollution emissions from steel mills in Granite City and Alton. He said the conditions "are ten times worse inside the plants than it is outside."

He said that "citizens of this

area will no longer tolerate the open burning." Referring to "black billowing smoke" from steel mill stacks, Davis said smoke and dust from a steel mill in Alton rolls across East Broadway so thick that motorists must turn on their lights. Davis told the committee that the union intends to use the bargaining table to establish standards inside the plants and noted that such standards "might help on the outside."

The need of a leaf-burning ordinance was stressed by Mrs. Gene Francis of Granite City, leader of a Granite City women's movement to step up enforcement of pollution control. Mrs. Francis filed a written report with the commission, in which she protested lack of any controls that prevented pollution by open burning. She said the "opening of the coke oven doors at the blast furnace" (Granite City Steel Co.) created a serious condition and "no one can do anything about it."

Blocked Aid Efforts
She pointed out that the state air pollution control board has been instrumental in blocking efforts of the Granite City board to obtain federal funds because the local board does not have a state exemption, a procedure which gives local enforcement to local political subdivisions. This, she said, Mrs. Francis said, from the fact the city has been unable financially to employ a full-time technical secretary and meet staff requirements set by the state.

Two residents of the Chouteau Island area—Ferd Segar and Edwin L. Wagner, complained of odors and air pollution conditions which they said are created by operation of MAL landfill between Bypass 66 and Interstate 270. Segar has been the leader of a long-standing fight to eliminate operation of the landfill in that area, in which he lives.

Wagner, who represented the Chouteau Citizens Association, complained the area suffers from "the stench of garbage" coming in from St. Louis, pointing out to the committee

Nursing Master Degree Program Proposed Here

Program planning funds for a proposed master's degree in nursing at Southern Illinois University's Southwestern campus will be requested from the state legislature by the Board of Higher Education. The board voted to make the request at its December meeting.

According to Lucille McClelland, dean of nursing, graduate degree planning will begin next July if funds are approved. The program will prepare nurses for clinical specialization in nursing practice for teaching, administration and investigation of problems encountered in nursing practice, Dean McClelland said.

In 1966, the Illinois Study Commission on Nursing found that 86% of the 34,000 nurses working in Illinois had little or no education beyond the hospital diploma level. Only 10% had bachelor's degrees and 2% master's degrees.

"Establishment of the proposed program at SIU-SW would make a master's program in nursing accessible to increasing numbers of baccalaureate graduates with potential for preparation at the master's degree level," the dean said.

Areas of possible specialization include medical-surgical, maternal-child, psychiatric-mental health and geriatric community health nursing.

Dates for Yule Basket Distribution Announced

Distribution of Christmas food baskets by the Quad-Cities Salvation Army will take place Tuesday and Wednesday, Dec. 23-24, Captain Harold F. Thomas, local SA officer said today. Volunteers will help pack the gift baskets one week from today, he added.

The Salvation Army officer noted that 525 applications for Christmas baskets have been processed so far by the SA office staff, with several others yet to be cleared. Total applications received to date is slightly less than last year, but the number of baskets, to be distributed next week probably will amount to the same figure. In 1968, Capt. Thomas said. Eligible recipients of Salvation Army baskets, whose applications have been processed, are being notified by mail of the time and date to collect their baskets, the officer said.

License Charge Filed

Kenny D. Nolan, 1309 Carr street, was ticketed at 5 p.m. Friday on a charge of driving without a valid operator's license at East 20th street and Edwardsville road.

piled at the Army's headquarters, with groups arranging basket deliveries invited to call the office at 451-7857 to register or check names.

Volunteers from the YMCA and Anchorage Senior Citizens' clubs and the Salvation Army Ladies Home League will assist in packing the baskets next Monday and help in the Toy Shop, Capt. Thomas reported.

Individual volunteers, many recruited by Mrs. Lily Chaboude, 1969 "Tree of Lights" chairman, will furnish assistance in the Salvation Army's "Clothe-a-Child" project, it was learned.

Sailor David H. Kelly Visits Hong Kong

Youths Throw Mudballs
John Veiloff, 1804 Spruce street, reported at 7:25 p.m. Friday that someone had thrown mudballs at the side of his house. He said he saw three boys standing on the other side of the street, and they called to him to "come on over and get us." When he over and in their direction, they ran. He said one was big and overweight and the others were shorter and thinner.

Chief Boatsman David H. Kelly, USN, son of Mrs. Helen M. Kelly of 1423 Third street, and husband of the former Miss Barbara J. Hutchings of 1618 Third street, Madison, visited the British Crown Colony of Hong Kong aboard the fleet of USS Manatee.

He had the opportunity for guided tours, shopping, sports and night entertainment during the ship's recess from under way replenishment assignments along the coast of Vietnam.

Cruise Recalled at Yule Dinner of Group

Scenes of a Mediterranean music cruise last summer were shown to the Travelers Abroad organization last night by Miss Alice Purdes, Venice grade school music teacher. Dave Brubeck, noted jazz pianist, served as composer-in-residence for the 133 musicians and music educators on the six-week voyage.

Her commentary and photographs also included the Holy Land and other points in Israel, plus sections of Russia, Greece, Turkey, Crete and Sicily. The program was presented at the annual Christmas dinner meeting of the group, held at Sunset Hill Holiday Inn.

President Donald Rouland presided and Mrs. Nevenka Kacaleff introduced the speaker. It was announced that the Jan. 26 speaker at the Prather Junior high school library will be Mrs. Helen Gantcheff.

Holiday centerpieces were given to Mrs. Gantcheff, Mrs. E. A. Karandjef, Mrs. William F. Winter and Steve Andrews. Thirty-two attended.

Delegate Durr Reports-- Con Con Going Smoothly

Smooth operation in last week's initial sessions of the state Constitutional Convention in Springfield was brought out Friday in a report by Wendell Durr, Edwardsville lawyer and 53rd District delegate.

"I intend to report regularly to my employers, the voters and citizens of the 53rd District, on the events occurring at the Constitutional Convention. The following is the first such report:

"Though the convention began formally and officially at noon Monday, Dec. 8, the delegates attended a two-day workshop on the previous weekend. This included speeches by various people who have been involved in the drafting of other states new proposed constitutions.

"There were also informal gatherings of delegates to sample delegate strength for various candidates and concepts, including who the president should be and whether he or a committee on committees should have power to appoint committee members and chairmen.

"The concern of the delegates was to assure fair, even-handed distribution of committee assignments and chairmanships so as to avoid domination of the convention by one political party or geographic area of the state.

"The president, Sam Witwer, seems to be going out of his way at this point to assure such fair treatment.

"After the formal ceremonies with the Governor, Chief Justice and others, the convention got down to business.

"Young Dick Daley moved a resolution to 'deplore' the gross error's exercise of freedom of speech, which resolution was defeated 70 to 41—an interesting test of power.

"The general tone of the con-

vention to date has been as openly expressed by several delegates and agreed to and understood by all, that the ultimate test of our work is whether the citizens-voters will approve the product.

"This clearly requires the convention to act responsibly and responsibly to the wishes of the people, and all delegates seem to appreciate this."

Magistrate Assigned To Detention Home

Magistrate Joseph T. Kelleher of Edwardsville has been transferred from the Alton branch of the circuit court to the juvenile detention home to handle juvenile matters.

He is replacing Circuit Judge William Beatty of Granite City, who has been administering juvenile court cases. Judge Beatty is being assigned to civil cases at the courthouse. Magistrate Kelleher also will handle some Alton State Hospital and zoning hearing assignments.

'Minor Infractions' Charged at Landfill

The Illinois Public Health Department will issue a three-point citation against MAL Landfill on Chouteau Island as a result of an inspection tour of the dumping area Friday morning by health department engineers.

State Senator Merrill Ottwein (R-Edwardsville) reported following the tour. At the same time, however, Sen. Ottwein said the regional health department representatives who made the inspection agreed that conditions have improved generally in the landfill's overall operations and that the citation will involve only minor infractions.

Ottwein said Robert Schlueger, regional sanitary engineer, and Richard Ballard, regional agent from the Collinsville office of the state health department, agreed after a two-hour inspection of the landfill facilities and operations that the operators should be cited for (1) lack of temporary fencing around the dumping area; (2) lack of general policing with large amounts of loose paper blowing about; and (3) inadequate covering over refuse

dumped at the landfill in the previous day's operations.

As is customary in such cases, Ottwein said, the health department agents will notify the landfill operators of the alleged violations by letter.

The inspection was arranged Friday by Ottwein at the request of the Senate Municipalities Commission which is preparing its 1970 schedule of special hearings. Since the commission held hearings on landfill operations in the area about a year ago, Ottwein wanted to determine if conditions here apparently justify the scheduling of further hearings in next year's agenda.

Ottwein said that generally conditions at the landfill were found improved over previous inspections and that he will make no specific recommendations to the Senate committee as to whether it should or should not conduct further hearings. He said he intends to give the committee a review of the landfill conditions as they appear to him and then "let the committee decide for itself if it wants to hold hearings."

That landfill has been a controversial issue in the area for many years, dating back to the time it was operated by the Chouteau Landfill Co., which was owned primarily by St. Louis interests.

Residents Oppose Operations
Residents of the area have attempted to eliminate the dump for many years as a health hazard and a public eyesore. A public opinion poll taken in the Madison county area driving over Interstate Route 270 or from St. Louis over Old Bypass 66.

Following a series of hearings earlier this year, residents of the Chouteau Island area succeeded in blocking issuance of a special use permit by county officials to expand the operation south of Bypass 66 on land that would have been leased from the city of Madison. Recent reports indicate that a new effort to obtain such a permit will be made soon.

Ottwein pointed out that one of the major objections to the landfill is the 80% of its refuse and garbage is brought over from St. Louis in an extensive volume that makes proper policing of the landfill a difficult problem.

Rain Delayed Covering
Pashea said that because of several days of rain a week ago, covering work was behind schedule, but that it will be caught up within a matter of a few days. He said that under his and Hartbarger's operation, the landfill has not yet used one bit of virgin land and that all dumping is being done on land that had been considered a "finished product" by the previous operators.

Pashea and Hartbarger bought out the interests in the landfill previously held by Leo Abel of Madison and William Mueller of Venice and that they have nothing to do with operation of the landfill at this time.

He added that he and Hartbarger have added four new pieces of heavy equipment for compacting and grading, and that as the areas are filled they will be covered with 18 to 20 inches of dirt and will be graded. Pashea said they are to bring the grade of the dump up to the grade of the highways to make the land usable in the future.

Seven Youths Arrested On Conduct Charges

Seven youths were arrested at 2:30 a.m. Saturday at 23rd street and Madison avenue on disorderly conduct charges. They were released on cash bail of \$25 or on notices to appear for hearings.

They were Andrew Gusto, 18, and Mike Schwartz, 19, both of St. Louis; Robert Mayes, 19, of 3800 Franklin avenue; Gary McDonald, 18, of 3800 Lake drive; Louis Mehl, 19, of 2560 Cleveland Blvd.; Jerry Jackson, 19, of Eastgate Apt. 5; and Joseph Costello, 18, of 1600 Clark avenue.

Leaves Driveway, Hit

Pulling out of a driveway in the 2500 block of East 23rd street, the rear of an auto driven by William E. Farmer, 2035 Delmar avenue, was struck from behind by a car driven by Robert M. Bewick, 2123 Bryan avenue, at 4 p.m. Thursday.

School Stop Arrest

Date F. Mosley, 3811 Palmer avenue, was charged Thursday with running a school stop sign at 26th street and Washington avenue.

Plan Board Approves, Denies Aerie Requests

The Granite City Plan Commission approved one request and denied another of the Wilt Aerie to rezone property from R-3 and R-1 to R-5 residential districts at a meeting Friday.

Approved was the petition to rezone property in the 2400 block of Delmar avenue to construct an apartment house containing six units.

Denied was a petition to rezone property on Mercer drive; it was concluded that duplexes would detract from the value of homes in the area.

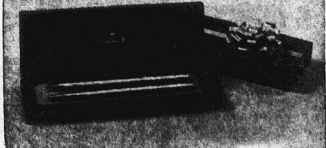

Abandoned Auto Burns, Damage Set at \$400

An abandoned 1966 convertible was burned, apparently by vandals, at 2427 Grand avenue at 10:10 p.m. Friday. Damage to the auto, which was towed to a garage, was estimated at \$400. The owner was unidentified.

Firemen were at the scene 35 minutes.

Thieves, Vandals Hit Christmas Decorations

Five acts of theft and vandalism involving outdoor Christmas decorations were reported to Granite City police Friday evening.

Several lights and a strand of lights were taken from the front yard of the home of Ernest Hopkins, 2100 Garfield avenue. Mrs. Hopkins saw two young boys, about 10 years old, run from the yard.

Two large electric display candles and an electric extension cord were stolen from the front porch at the home of Joseph Blason, 2018 Bryan avenue. Several bulbs were taken from a decoration, a wreath nailed above the garage door was missing, and an arch of lights attached to a fence was torn down at the home of Donald Mayberry, 2110 Nevada avenue.

Thirty-five light bulbs and wiring were destroyed and a mailbox was bent at the home of Eugene Bellman, 2800 West 2nd street.

Several sets of bulbs valued at about \$20 were taken from the yard at the home of Henry Kovalek, 47 Villa drive.

State Aid for Non-Public Schools Urged at Meet Here

Catholic priests representing parishes in the Alton Deane heard details of a state-wide program to obtain financial assistance for non-public schools discussed Thursday afternoon during a special briefing at St. Margaret Mary parochial school.

Rev. John McGraw of Effingham, coordinator of the Illinois Catholic Conference's Aid to Non-Public Schools program, stressed an urgent need to familiarize the Illinois taxpayer with the type of legislative action to be sought by proponents of non-public school assistance in the next General Assembly, scheduled for April 1970.

The proposed bill will seek \$32 million, to be paid parochial and private schools for "contractual services through which all non-religious subjects would be financed with tax money."

"We are not asking the state to give us money. We think we have a product to sell, and we know we can do the job," Rev. McGraw stated. "We cannot continue to do this job without financial aid," he added.

One in Five Pupils
Noting that one in five children in Illinois currently is being educated without direct tax support, Rev. McGraw said, discontinuance of parochial and private schools in the state, due to lack of funds, could force 500,000 pupils into the public school system, adding \$71 million in one year to public education costs.

"Plus," he continued, "a staggering amount of money which would be needed to construct and equip new school buildings to house approximately half-a-million former non-public school students."

He noted that \$1.75 billion was spent in Illinois on public education in the 1968-69 school year.

Commenting that acceptance of tax funds for operation of non-public schools was "a calculated gamble" in the matter of how much state control would be exercised, Rev. McGraw admitted a lack of answers in what form of control would be required in return for a tax support program.

"We do know that certain guidelines will be offered, probably in such areas as curriculum, facilities and teacher qualifications. If the bill is passed, we hope to have a certain time period in which schools can reach a qualifying level," he said.

"I do not believe we have to worry about state control," the coordinator stated. "After all, aid to non-public schools in Illinois is not unfamiliar. Precedents have been set."

He noted that many parochial schools take part in school lunch programs, library exchange programs, use of science laboratories in public schools by non-public pupils and, in certain areas of the state, cooperative school bus service.

Rev. McGraw said \$800 parochial students presently attend non-public schools in Madison county. Based on the \$740 per pupil-per year figure used to describe cost of educating public school students, the amount needed to educate non-public pupils in Madison county would total \$430,000 per year, he said.

80% Are Catholic
"We are asking \$32 million to educate nearly 500,000 children throughout the state," he pointed out. About 80% of all non-public students in Illinois are of the Catholic faith, Rev. McGraw said. The remainder attend schools supported by private means or church schools of the Lutheran and Seventh Day Adventist denominations.

An information film available for screening in each parish in the Alton deanery was viewed by the gathering.

The 20-minute color movie, "A Time For Action," which illustrates the plight of non-public schools in Illinois, also may be used in presenting the Catholic position to lay groups, such as local service clubs and civic organizations, Rev. McGraw explained.

Higher teacher salaries necessary to attract qualified individuals was cited as the primary cause of greatly increased costs in operating non-public schools and the major factor in forcing many parochial schools to shut down.

A total of 50,000 pupils attending non-public schools in Illinois will be affected by anticipated closing of parochial schools next year, he said.

Lay Teachers Salary
The program coordinator said that lay personnel now compose the majority of faculties, with an "average salary of close to \$8000 per year paid to lay teachers."

He commented on a critical situation in his own parish in Effingham, where the monthly salary schedule for 28 lay teachers and 12 nuns amounts to \$17,500. "We just don't have the money," he added.

Noting the difference between the proposed legislation for contractual services and House Bill 1116, "Aid to Non-Public Schools," introduced in the last session of the General Assembly, Rev. McGraw said the original proposal asked for tuition grants to parents of non-public school students, amounting to \$90 for high school pupil and \$60 for elementary students.

House Bill 1116 was defeated in the Senate Education committee after passage by the Illinois House. The coordinator stressed that Gov. Ogilvie "definitely is for the new bill and has promised his support."

It was noted that many state scholarships and grants available to veterans under the GI Bill permit individuals to attend the university or college of their choice, whether private or public.

Plan Open House
He recommended that all parochial schools throughout the Springfield diocese, including the Quad-Cities, participate in an open house program on March 11. He said public school officials and the general public will be invited to inspect the parochial schools and learn more about their programs.

In the current school year, there are 1916 parochial pupils in Quad-Cities schools, including 1616 in Granite City, 213 in Madison and 87 in Venice.

Cost of operating Quad-City parochial schools during the 1968-69 school year amounted to \$304,718, including \$121,389 in

teachers' salaries and \$182,738 for all other expenses.

A breakdown of 1968-69 expenditures for individual school buildings here, provided by Rev. McGraw, showed the following amounts, with the salary figure and general operating costs listed in sequence:

Sacred Heart — \$15,000 and \$23,438; St. Elizabeth — \$50,000 and \$66,300; St. Joseph — \$6000 and \$12,000; St. Margaret Mary — \$23,380 and \$44,000; St. Mary's in Madison — \$18,000 and \$20,000; and St. Mark's in

Venice — \$8700 and \$17,000.

"Each taxpayer has a stake in this issue of aid to non-public schools and should let their state legislator know his position on the matter," Rev. McGraw told the parish priests.

"If financial help is not forthcoming and parochial schools are forced to close, the increased burden on the taxpayer will be enormous," he added.

Alton Man Charged With Four Violations
An Alton motorist, booked on four traffic charges at 4:45 a.m. today, was told to appear in magistrate's court for a hearing by Dec. 28.

James F. DeVore of Alton was issued arrest tickets at 25th street and Madison avenue, charging him with speeding, improper lane usage, disobeying a traffic signal at Niedringhaus and Madison avenues and driving while his license is suspended.

State Grid Playoffs, Cage Plan Rejected

Proposals for state championship prep football playoffs and to establish a two-division, small school class and large school class state basketball tournament were turned down by Illinois High School Association in Chicago Saturday.

Secretary Harry Fitzhugh explained that the six-member board found insufficient interest to justify further study of either proposal. He added that the present structure of the basketball tourney will be reviewed in light of comments made by IHSAA member school principals.

GCHS Wins 8-School Wrestling Tourney

The Warriors won the eight-team Ritenour wrestling tournament in St. Louis county Friday and Saturday.

Granite City's Lenny Fuchs, Al Bridgeman, Bruce Evans and Steve Ganz were champions of their weight divisions. Team totals were: Granite City 86, Ritenour 68, Riverview Gardens 51, McCluer 45, Hazelwood 38, Normandy 27, Mehlville 26 and Pattonville 25. The 107-pound Fuchs won 8-0, 9-6, 11-0. Bridgeman, a 123-pounder, won 11-1 and 12-0 and in the finals beat twice-Missouri-champ Steve Troth, 7-1. Evans at 165 earned two pins, in 2:37 and 3:59, after a 4-2 win. Ganz, a senior wrestling for his first year, won at 175 in 3-0, 2:52 and 3-0.

Grabbing second places were Bruce Miller, Lenny Wilson and Fay Burcham. Wilson's loss was to a past Missouri state champ.

For heavyweight third place, Dan James won 6-3. He was pinned in the semi-finals in 5:19 by the defending Missouri champ after winning in 1:20. Grapplers who lost their first matches were Cliff Yeager, Randy Fowler, Jim Greenwald and Frank Mehelec. Yeager, Ripka and Mehelec lost to defending tourney titlists.

Warrior Five Divides With Maroons, Flyers

The basketball Warriors split their weekend of Southwestern Conference games losing to Belleville Friday 65-58 and East St. Louis 54-53 Saturday. Both contests were at the GCHS gym.

Coach Don Deterting says, "Concerning both games, I was unhappy. We hit only 30% from the field against Belleville West; against East Side we made 37%, also very poor. "A number of our shots were forced. We didn't wait for clear shots and we missed some easy shots."

"Maybe it's just a slump. I know we can shoot better. After the opening quarter against the Maroons, the Warriors trailed 15-13. At halftime it was 32-32, and Belleville led ahead 40-41 in the third period.

In the East St. Louis game, the winning tosses were by Terry Ripka. Ripka earlier the same evening led the Warrior junior varsity to victory with 27 points.

Ripka entered the varsity game late in the final quarter with the Warriors being 53-50. On two consecutive Granite City turns with the ball, he tossed in five-foot and 20-foot jump shots for the final scoring of the game with 50 seconds remaining.

By quarters, GCHS led 18-14 at 10:00 and trailed 42-41. Against East St. Louis, Metzler had 12, Harris 11, Schwendeman 10, Tim Moore 9, Terry Ripka 8, Boyles 5 and Joe Wallace 1.

MHS POPS VHS FROSH
Freshman team records aren't tidily kept, but for the first time in at least five years Thursday, the Trojan frosh defeated the young Red Devils.

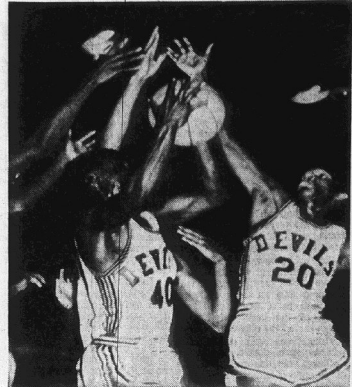

Championship varsity football coach Al Vonder Haar directs Madison's frosh campers. He indicates that varsity prospects for the future include 5-4 Roger Glaspar, who must grow taller before the 1972-73 season but for now is big enough.

The coach says, "The whole team holds back just a little because they aren't quite sure of themselves. Glaspar is somewhat the team leader. He has good ball control and is averaging 19 points per game."

Prather Wrestlers Are Defeated 60-2

Prather's matmen were flattened 60-2 at Central of River View, Mo., Thursday. The 145-pound Bob Morgan was the only unbowed Chief. He tied with a 2-2 decision. One Prather loss was by a decision and the remainder were by pins.

Fessor Gray's 28 points beaconed the Red Devils' 82-41 win over Lovejoy Friday at the VHS gym.

Devils' Coach Bill Ohlendorf noted, "We had to play pretty well in the first half but later they didn't pose too much of a problem."

Last week Venice ran over Livingston 108-58. The coach said, "This time of year we need the game experience. We have more than enough competition to come."

"The next team, New Athens, is more than decent. They have made 31 of 52 shots during the game but they controlled most of the rebounds and most of the jump balls."

Madison lost 89-66 at Triad Friday to give the Knights a 3-0 league log. The Trojans now stand in the Midwest Conference 1-1 behind Bethalto's 1-0 mark.

Trojan Coach Larry Graham relates, "Triad made 16 of its first 19 field shots, most of them from outcourt. At one point they had us 27-11. We kept hustling and closed their lead to 11 points during the second half."

Cougars Take Victory Streak Into Tourney

SIU-SW is riding a three-game winning streak following its 87-77 victory over Harris Teachers College of St. Louis last week on the winners' court. Starting its third season, Coach Harry Gallatin's basketball team also owns victories over Blackburn and John F. Kennedy College.

In the Cougars' victory over Harris Teachers, Gallatin got standout performances from his team captain, Bernie Pitts of Alton, who made 26 points to lead all scorers, and from Rich Essington of Venice, St. Louis county's John Belk, Dennis Carroll and Fred Wilke all added key plays.

Carroll, the fifth starter, is a good man to bring the ball downcourt and he's begun to hit from outside to spell Essington. Wilke's chief value appears to be his scrambling ability, although he's beginning to score in double figures. The same thing applies to Belk.

Board, scoring strength Big Ron Crites, a 6-6 player from Fredericktown, Mo., has given this edition of the Cougars some much-needed lift under the boards in the rebounding department and is a constant scoring threat. His left-handed hook shot is deadly and, if Cougar opponents double up on Pitts, Crites and Essington can take up the pointmaking slack.

Another starter, Jack McDole, a Staunton, Ill., native, is

trugged down the SIU-SW offensive basket and is beginning to score more often.

Biggest question mark in the Cougars' basketball future continues to be the need for a gym. Now, the Cougars must play all home games at the Edwardsville high school gym and practice there at odd hours.

Meets Opens Wednesday
This week, SIU-SW competes in the annual McKendree College pre-holiday tournament. The Cougars' first-round foe on Wednesday at 7 p.m. is North-eastern Illinois University of Chicago.

The fourth annual McKendree meet will feature three of this metropolitan area's basketball teams, all of whom were participants in the tourney last year, and one newcomer, Northeastern.

Harris Teachers College of St. Louis, SIU-SW and host McKendree are the returning teams.

Parings show SIU-SW taking on Northeastern in the opening action Wednesday, followed by McKendree-Harris game. Thursday night's action will match the two losers for third-place honors, with the two winners battling for the tournament championship. McKendree College has won each of the three previous holiday tournaments, and the fast early season start of the Bearcats makes them a top contender for their fourth consecutive championship.

The Tri-City YMCA youth swim team competed at Quincy YMCA Saturday and lost 241-147. Only 18 of the more than 30 swimmers of the local team competed.

Granite Cityans winning two events were: Todd Cunningham, Debbie Griffin, Erin Stocker, Amy Werner and John Werner. Winning one event each were: Scott Buenger, Marie Fernandez, Shelli Pohlman, Jan Tadlock and Sherri Tadlock.

Mark Buenger and Eric Cunningham this weekend began swimming in the AAU sanctioned Gateway Swimming Association all-around meet at the Forest Park Community College pool. Each must swim nine separate events. The meet will end late this week.

Warriors Suffer 3-1 Soccer Loss

The soccer Warriors lost 3-1 at Christian Brothers of St. Louis Thursday afternoon.

Granite City Coach Tom Wyrostek noted that the hosts didn't dominate the playing time. We had more shots on goal than they did but we just could not get the job done. A Christian Brothers Cadet's kick was the first to enter the nets. Warrior Jerry Monahan passed to Bobby Galvan, who booted a tying goal.

A Cadet penalty boot left Granite City trailing 2-1 at the half. In the last half, the Cadets kicked a goal after the ball had been deflected by the Granite City goalkeeper.

Goose Hunting to End in 4 Counties

The goose hunting season in Alexander, Union, Jackson and Williamson counties will close at 3 p.m. Tuesday, Dec. 16. The Illinois Department of Conservation has announced.

More than 15,000 of the state quota of 25,000 geese have been harvested since Nov. 17. Projections by waterfowl technicians indicate that the quota will be reached by tomorrow.

Coolidge Grapplers Lose 2 Dual Meets

Coolidge junior high school grapplers were edged 30-28 by Crosskeys JHS of St. Louis county in a dual wrestling meet Thursday at the Missouri school and were trounced 50-5 in a dual meet Friday against Florissant junior high school.

The Coolidge Braves recorded four pins, two decisions and a tie in Thursday's meet, with Heavyweight Jeff Wiley scoring the only win for the local squad. Friday against Florissant, Wiley pinned his Crosskeys opponent in 1:44 minutes, repeating with another pin Friday in 5:30. Friday's meet saw seven pins scored against Coolidge wrestlers.

Local winners Thursday included John Niebur, 87 pounds, 3:15, pin; Don Heath, 98, in 2:24; Steve Miller, 138, in 5:22 minutes; and Wiley. Decisions were won by Dan Heath, 103 pounds, 1:57, and Scott Mangam, 112 pounds, 8-6. Vince Starko, 180 pounds, scored a 4-4 tie.

Coolidge grapplers losing by pins Thursday were Tom Thaxton, Greg Forys, Rich Hoover, John Ropas and Bob Mathias. Dale Bogovich lost a 12-2 decision.

MR. AND MRS. DALE E. DICKEY. Their wedding took place Sunday afternoon at Bethel Chapel, 25th street and Ohio avenue.

Miss Fuller, Dale Dickey Exchange Wedding Vows

Miss Betty J. Fuller and quilted brocade with a fitted bodice, a high neckline and a matching headpiece. She carried a cascade of pink roses and a bouquet of white carnations.

Janis Stearns, a sister of the bride, and Carl R. Wroten were the only attendants. The former Miss Fuller is attending a school of beauty culture in Alton. Mr. Estes, a graduate of Granite City high school, is owner and operator of a local sign painting company.

The bride wore a street-length dress of pastel pink.

Coy-Millikin Nuptials Here Saturday Evening

Miss Susan Gail Millikin, a daughter of Mr. and Mrs. Kenneth Millikin of Rural Route Two, became the bride of Richard Leon Coy, a son of Mr. and Mrs. Harold Coy of 2017 Marshall avenue, on Saturday.

Rev. Clifford L. Moeller, pastor of Grace Baptist Church, performed the 5 p.m. ceremony in the home of the groom's parents.

The bride, given in marriage by her father, chose a floor-length white velvet gown fashioned on A-lines. A crown embellished with tiny seed pearls secured her shoulder length veil of bridal illusion, and she carried a bouquet of white roses and snow poms.

Mrs. Jeanette E. Struckman was matron of honor, and bridesmaids included Miss Lana Earnhardt and Miss Terry Millikin, a sister of the bride.

They selected identical street-length dresses of dark green velvet designed with white lace collars and sleeves. Their bouquets were arrangements of green chrysanthemums and white snow pom poms.

Former Residents' 50th Anniversary

Former Granite Cityans, Mr. and Mrs. Samuel O. McCracken, now residing in Edwardsville, will hold a reception Sunday, Dec. 21, at the VFW hall in Edwardsville to celebrate their golden wedding anniversary.

No invitations have been issued but friends and relatives of the couple are asked to call between the hours of 2 and 5 p.m.

Mr. and Mrs. McCracken, both natives of Greenville, were married there Dec. 8, 1919. They have lived in the Granite City and Edwardsville areas for the past fifty years. They have two sons, Ronald W., of Edwardsville, and Roger L. McCracken, of St. Louis. Another son, Dale G. McCracken, died in 1967.

Easter Seal Society Meets

The Granite City Chapter of the Easter Seal Society of Southwestern Illinois held a monthly meeting Thursday evening in the Tiny Tim room of Central Christian Church.

The officers of the chapter are Mrs. Pat Rigney, president; Mrs. Janet Wilson, vice-president; Mrs. Norma Darnell, recording secretary; Mrs. Margaret Minzes, corresponding secretary; Mrs. Norma Rinder, treasurer; and Mrs. Hazel Jones and Mrs. Della Rabbs, directors.

A new member, Mrs. Jane Heil, was enrolled during the meeting a "silent" auction was held.

Mrs. Minzes was hostess to the group. The next meeting will be held at the same place Jan. 8.

FORMER RESIDENTS HERE ON VISIT FROM GERMANY

Mrs. Frieda Eke of Essen, Germany, who resided in the Quad-Cities until a teenager and has several sisters in the local area, recently arrived here with a brother-in-law and sister, Mr. and Mrs. Richard Polley of Glen Carbon, formerly of Granite City.

Mrs. Eke last visited in Granite City in 1929. She has lived in Germany since the age of 16. She also is a sister of Mrs. Vasil Graville of Madison.

Hughes-Ellsworth Nuptials At Grace Baptist Church

Miss Terry Ellsworth, a daughter of Mr. and Mrs. William Ellsworth, 2433 East 24th street, and Harold J. Hughes, whose parents are Mrs. Donald Rowlett, 10 Meadowlark court, and Mr. and Mrs. Harold Hughes, also of Granite City, were married Saturday evening at Grace Baptist Church.

The ceremony was performed at 7 o'clock by Rev. Clifford Moeller in a Christmas setting of red poinsettias, candlelight and an arch of greenery. A reception was held afterward at the church.

Mrs. Mary Parchment presided at the organ and accompanied the soloist, Miss Marjorie Ellsworth, a sister of the bride, as she sang "Whither Thou Goest" and "Wedding Prayer."

The former Miss Ellsworth wore a traditional bridal gown of lace, the trained skirt held wide with a hoop. She carried an orchid on a white ribbon presented to her by the church.

The attendants, Miss Margaret Wier, maid of honor, and Misses Martha Wyle, an aunt, Linda Fuikerson, Karen Corzilius and Mrs. Suzanne McSpadden, bridesmaids, were dressed in Juliet gowns of velvet; most green for the maid and red for the bridesmaids. They carried Christmas bouquets.

A little flower girl, Elizabeth Taylor, was in a white dress trimmed in red velvet. Her flowers were red roses. Stephen Rowlett served as ring bearer.

Mr. Hughes was attended by James McClelland, as best man, and Tica Barnett, Dora Poyner, Rick Singleton, Danny Patterson, Jerry Fuitts and Richard Lowe, groomsmen and ushers.

Both young people are graduates of Granite City.

Gabriel Shrine Adds Members

A stated meeting of Gabriel Shrine 78 White Shrine of Jerusalem, was held at the Masonic Temple at 6:30 p.m. Thursday evening.

After a business session, the degree of the Order was conferred upon a class of eleven new members.

DID YOU KNOW??

Children never change, they have a natural inquisitiveness then on an occasion get them into mischief. The pills in the pretty bottle look so tempting that they can hardly resist taking them. And when the flavor is pleasant as in the case of Children's Aspirin, a child may end up taking them all before his mother catches him.

On one particular day last winter we had 3 requests within 30 minutes from mothers whose children had taken overdoses of prescriptions. The Doctor told them to get a Poison Control Kit but they were unable to get one because the father had the family car at work. Within the hour all three families had Poison Control Kits delivered to their homes.

Traffic Arrests

Traffic arrests by Granite City police Saturday included a speeding charge at East 23rd and Kate streets against Fred Clark, 2918 Pershing avenue, and a careless driving charge at 27th street and Madison avenue against Steve Dickerman, 4720 Warnock avenue.

Parked Car Damaged

A parked car owned by David L. Cozart, 519 Jefferson street, Venice, was damaged about 1:35 a.m. Friday when struck by a hit-and-run auto in the 1100 block of State street, Madison police reported.

Pinata Tradition Tops Annual Christmas Party

Breaking traditional "pinatas" to shower youngsters with coins, candies and nuts, highlighted the annual Christmas party of the Mexican Holy Family Commission of Granite City, yesterday afternoon at Venice-Madison American Legion Post 307.

Pinatas, shaped to resemble Santa Claus figures and filled with presents, were created by Miss Tresa Ortiz. One of the best known Mexican customs, the pinatas were suspended from the ceiling and broken by the children with sticks.

Additional gifts were presented to the children during a visit by Santa Claus. About 125 people attended the party which also featured entertainment by the Indian Dancers from Explorer Post Six, under the direction of Don Beck.

Don E. Menke, a 15-year-old Granite City high school sophomore and an Eagle Scout in Post Six, presented magical tricks for the youngsters. The program was under the supervision of Mrs. Linda Garcia, with Theodore "Sonny" Antoff serving as master-of-ceremonies.

Post for Richardson

Gene R. Richardson, former training and youth director of Second Baptist Church, Granite City, will become assistant pastor of Rosemont Baptist Church, East St. Louis, after being ordained by the local church in January. The son of Mr. and Mrs. Russell Richardson of Granite City, he is in his second year at SIU-SW.

Books Into Car

In backing from a parking space, a car driven by Jesse J. Henley, Brooklyn, struck the parked car of Leon Williams, St. Louis, causing damage to the front end, police reported. The accident occurred in the 900 block of Bissell street, Madison, about 6:20 p.m. Sunday, officers said. Henley's car was undamaged.

MORE ABOUT Power

of patients and instead is concentrating on gathering power for itself. Members of the 708 Board not only lack knowledge about the subject but show no interest in acquiring knowledge, frequently rejecting, disregarding or refusing to hear advice by state authorities and other professionals, Dr. Castell charged.

Net effect will be to prevent competent services from being provided to those in need of help and hope, he said.

Best of Three Centers

Dr. Castell said the local center is "by far" the best of three with which he has been associated.

Text of his communication to Staten follows: "Although I regret the necessity for doing so, I find at this time I must offer my resignation. My last day of employment at this clinic will be Dec. 31, 1969.

"I have very much enjoyed my two years at this clinic and have especially enjoyed the fine working relationships that exist between staff members.

Effective Treatment

"I have been a consultant for two clinics in this area, and a director of one other: I feel that the Madison County Clinic has offered, by far, the most productive conditions under which to effectively treat patients.

"Both professionally and personally, I have benefited from this experience, and truly wish to thank you for your ableness in making such conditions possible.

"I am quite sure to find an individual in a director position who has the personal strength and integrity to respond to his staff closely, as friends, yet be able to provide the strong leadership and hard decisions necessary.

"Under the present conditions, however, I find it impossible to function in any manner productive to the people served by this clinic.

Funds Running Out
"Because the 708 Board has refused to allocate any funds to the clinic, the clinic now running without a budget, on borrowed time so to speak, no one knows when the clinic will be forced to close its doors.

"I cannot work with people in an intimate, problem-solving manner, where establishment of a relationship is essential, if I am living under the shadow of perhaps the clinic closing at any moment.

"When a therapist accepts a patient, there is an offering of hope, of help.

Anti-Mental Health Attitude

"The second reason I feel I 24th & GRAND DEC. 20-23

Dog Runs Away

Diana Monroe of Collinsville reported at 8:20 p.m. Sunday that her dog Miltie ran away from her mother's apartment at 1402 Kirkpatrick Homes. It is a beagle and fox terrier, is down and white and weighs 40 pounds.

must offer this resignation is again due to the action of the 708 Board, but not primarily due to their withholding of funds.

"The statements of 708 Board members clearly display to me an anti-mental health attitude, and a very clear lack of knowledge and understanding about what is called mental illness.

"The 708 Board has refused to fund alcoholic programs because (a member) feels that, because he can control himself, alcoholics should be able to do the same.

"The retardation programs have not been funded because the 708 Board doesn't seem to feel that retardation comes under mental health.

"Now, the Madison County Clinic is not given funds, again through the same sort of 'seen thinking' by the 708 Board members.

Objective Advice Ignored
"Advice has been offered the 708 Board by many mental health professionals not associated directly with the programs or clinic in question. The help by state professionals has been rejected completely, with no consideration.

"From these statements and actions by 708 Board members, I can only conclude that the Board established to represent wisely mental health in the community, to allocate the taxpayers' funds, is doing quite the opposite.

"Instead of thinking of the people, the patients served by this clinic, the 708 'anti-mental health board' is thinking of only one thing, control by power.

"Patient Considered Last"
"I most certainly do not wish in any way to support such an organization where the patient is considered last, if at all, and where the organization has such power, but little knowledge or interest in acquiring knowledge, of the very thing it so much wishes to control.

"Under such conditions, I fail to see how adequate mental health professionals could even begin to provide competent service to patients.

"Again, Mr. Staten, I thank you and the clinic board for having given me the opportunity of working here."

Kindergarten Class Sends Toys, Clothing to Vietnam

The afternoon kindergarten class of Mrs. Beulah Mull at Mitchell school has completed a project which included the gathering of toys and clothing for Vietnamese children located in the area around the duty station of the father of a class member stationed there.

The project began when the need for clothes and toys was brought to the attention of Mrs. Mull and the school principal, Arthur Menendez, by Sgt. Donald E. Williams, who wrote asking for help with the Christmas

mas program for the children of his area. This is the second tour of duty for the sergeant in Vietnam.

The children responded readily with toys and clothing and with the help of the school staff, who contributed money to help cover the cost of mailing, seven large boxes were packed and sent on their way by air last week.

The items are to be used by Santa in his annual visit, aided by men of Bravo Company, 37th Engineer Battalion.

Alton State Hosp. To Place Day-Care Unit at SIU Center

The intensive psychiatric day-care program at Alton State Hospital will be relocated after Jan. 1 to a three-story residence on the Alton Center of SIU-SW. The program is scheduled on a five-day, week, eight-hour a day basis, and serves in-patient residents of the hospital's Madison county unit, and citizens of Madison county.

Goals for the community based program is to help and treat people with problems early, to prevent total hospitalization.

Total responsibility of administering and directing the community based day-care program will be by the Madison County Mental Health Center, Washington avenue, Alton. Professional personnel to staff the program will be provided by the Madison county unit of Alton State Hospital and the Mental Health Center. Others supplementing the staff will be graduate nursing, psychology and sociology students participating in field placement and internship programs from SIU-SW, St. Louis and Washington Universities.

SIU-SW Chancellor John Rendleman leased the facility to the program for one-dollar per year. Not only will the community based day-care program offer therapeutic assistance to local citizens at a more desirable and convenient location, but it will also serve as a laboratory for SIU-SW students.

Clients who are accepted and enrolled in the day-care program will be screened for the psychiatric services by the program's staff. The day-care program will be considered a service extension of the Madison County Mental Health Center.

Paul Lagomarcino, presently senior social worker at the center, will be the new director. Part-time clinical psychologists who also will be on staff are: Tony Mance and Bill Atkins from the center, and Sherman Sklar of Alton State. The Madison county unit of Alton State will provide the following staff members: Mrs. Dorothy Greiner, RN; Mrs. Joyce Waters, rehabilitation counselor; Tom Scott, psychiatric aide; and Miss Nancy Ferragallo, activity therapist.

Couple Caught in GC Burglary Faces Other Charges

A St. Louis couple, captured in a service station burglary here early Tuesday morning, were arraigned for the first time last week after the husband had been released on six separate recognizance bonds in Madison county. They had been listed as fugitives.

They are Richard D. Smith, 21, and his wife, Connie M. Smith, 20, who pleaded not guilty to a June forgery charge before Circuit Judge James O. Monroe.

The court revoked \$2000 recognizance bonds which had been set by a magistrate and placed a \$2000 cash bond for each in the forgery case. A motion to continue the recognizance bond for Mrs. Smith, entered by a public defender, was denied.

Smith now is being held under \$40,000 bond to face seven charges, including a \$35,000 bond set for the service station case last week. His wife's bonds now total \$30,000.

The couple had been indicted by a grand jury in the forgery case, but the indictment stage was never reached in five other cases against Smith. Previous charges against him included three for burglary, two for possession of burglary tools and one for theft of more than \$150 in connection with crimes throughout Madison county.

The Smiths were among four persons charged with burglary at the Blanton service station, 13th street and Edwardsville road, at 1:10 a.m. Tuesday. The others are Logan Kitchell, 17, and Donald A. Iler, 18, both of St. Louis.

Kitchell, who was shot in the upper left arm by a police officer, was hospitalized. Iler was being held at the Madison county jail under \$20,000 bond.

Wolf Elected to Office On Board of SIBA

Leo Wolf of L. Wolf Co. here was elected secretary-treasurer of the Southern Illinois Builders Association during the group's annual meeting last week in Belleville.

Other officers elected were John Bauer of Belleville, president; Alois Luhr of Columbia, vice-president.

It was his third conviction in six years. He was found guilty of a burglary charge in 1963 and an armed robbery charge in 1965.

Levell Johnson and Isaiah Marchbanks of Eagle Park Acres were granted three years probation, but Johnson first to serve six months on the state prison farm at Vandalia.

They were caught by two railroad detectives who observed the trio removing four cases of shortening from a box car. The detectives were chief witnesses at a recent jury trial.

Parked Car Damaged

A parked car owned by David L. Cozart, 519 Jefferson street, Venice, was damaged about 1:35 a.m. Friday when struck by a hit-and-run auto in the 1100 block of Madison avenue, police reported.

9 Area Couples

Granted Divorces

Nine Quad-City area couples have been granted divorce decrees in Madison county circuit court. Divorced were:

Ervin H. Barnhart of Granite City from Judith Kay Barnhart of Carlyle. They were married Aug. 26, 1960, and separated April 1, 1965. Desertion was charged.

Dorothy Plaugher from Thomas Flaugher, both of Granite City. They were married March 13, 1965, in Granite City, and separated in June of 1968. Desertion was charged. Custody of two children was given to the mother, and the father was ordered to pay \$80 per month child support.

Marian Hancock of Granite City from Billy Joe Hancock of Hiram, Mo. They were married June 10, 1961, at Clubb, Mo., and separated in March of 1967. Desertion was charged. The mother received custody of three children, and the court retained jurisdiction in the case.

Wesley Johnson of Madison from Elizabeth Johnson of Houston, Tex. They were married April 10, 1952, in Centon, Tex., and separated Aug. 10, 1961. Desertion was charged. Custody of three minor children was given to the mother.

James Briggs of Madison from Sharon Briggs. They were married in September of 1961 in East St. Louis. Mental cruelty was charged. Custody of two children was given to the mother.

Martha Kenyon of Granite City from Wesley Kenyon of Peoria. They were married June 16, 1959, at Peoria, and separated the following November. Desertion was charged. Custody of one child was obtained by the mother.

Delores Allene Jolly from Sam Edward Jolly, both of Granite City. They were married March 22, 1964, in St. Louis. Cruelty was charged. Custody of two children was granted to the mother, and the father was ordered to pay child support of \$35 per week.

Jo Ann N. Coleman from Dennis L. Coleman, both of Granite City. They were married July 24, 1967, and separated last July 22. Mental cruelty was charged. Custody of one child

New Year's Eve Dance Planned by K. of C.'s

Plans for a New Year's Eve party and orchestra dance to be held by Tri-City Knights of Columbus Council 1088 were announced at a meeting Thursday night.

Stephen Saltich Jr., chairman, told the members that a five-piece band from St. Louis has been obtained, and that an \$11 per couple ticket will include food, setups, noisemakers and hats.

Michael Schuler, grand knight, reported on final plans for the council's annual children's Christmas party to be held at 7:30 p.m. Friday. Santa Claus will distribute gifts, and entertainment and refreshments will be provided.

The annual party for members will be Dec. 27, and Albert Sanders and Edward Trittschuh, chairman, announced that a buffet will be served at 7 p.m., with the menu to include lamb, pork, chicken and fish. Entertainment will be provided.

John Kazman, faithful navigator of the fourth degree assembly, reported that the annual exemplification of the fourth degree for the southern Illinois district will be held April 12 at Belleville.

Other reports were presented by Jack Trittschuh, general program chairman; Donald Stanton, blued bank chairman; and Steve Saltich sr., board president.

CHRISTMAS PROGRAM

AT WILSON THURSDAY
The executive board of the Wilson school PTA met at the school Thursday evening to discuss plans for a Christmas program Dec. 18. Two new officers were installed.

The president, Rev. E. E. Maritt, pastor of the Good Shepherd United Methodist Church, announced that the Christmas program will commence at 7 p.m. instead of the usual 7:30 starting time. Mrs. Constance Jenne will be in charge of Christmas songs and there will be Nativity scenes by sixth grade students under the direction of Mrs. Mary Rekas. Mrs. Virginia Oram and Mrs. Wilma Bono, fifth graders; Mrs. Sophia Schiele, fourth graders; Mrs. Jewell Frizzell, second graders; Mrs. Virginia Behrens, and physical education students, Mrs. Sandra Bolin.

Boy Scout Troop 122 will conduct a flag presentation and Santa Claus will arrive with treats for the children.

Also on the agenda for Thursday are a gift shop, specializing in home-made candy and, of special interest to kindergarten parents, a child's record book. Refreshments will be served in cafeteria by the kitchen committee led by Mrs. Mary Jane Burris.

A proposed budget for the year will be submitted by the treasurer, Cleveland Smith, for unit approval.

Due to the time required by the Christmas activities, an installation of officers to have been held during the business session was conducted instead by the executive board. Installed by President Ted Vrensch were Rev. Maritt as president and Cleveland Smith as treasurer.

Mrs. Betty Kating, girl scout organizer, announced that an informative meeting concerning activities and scouting program will be held Jan. 15. Parents are to be urged to attend.

Plans were discussed for a Christmas party at the school Dec. 23 at 2 p.m., with a visit from Santa.

Other officers present were Mrs. Frances Steele, vice-president, Mrs. Mary Frances Greene, secretary, and Mrs. Ann Smith, ways and means chairman.

CHRISTMAS DINNER OF MISSIONARY COUNCIL

The Women's Missionary Council of the First Assembly of God held a monthly devotional service and a Christmas dinner at the church Wednesday morning. Guest speaker was Rev. John Hancock of South Texas.

The Hollis sisters, Norma and Naomi, opened the morning program by singing several Christmas selections, accompanied on the piano by Charles Swick. Rev. Hancock spoke on "Your Best for God" and the devotional program was led by the president, Mrs. Nola Heiney.

Following the morning services, a traditional Christmas dinner was served at noon from tables decorated with holiday adornments and large centerpieces of poinsettias and greenery.

Guests and members in attendance included Mesdames Nadine McGrew, Myrtle Davis, Daisy Worthen, Della Sponglior, Lucy Burnett, Della Keller, Evelyn Stark, Agnes Dillard, Vickie Kent, Mabel Barnes, Ola Fowler, Carol Hancock and son, Timmy, Norma Hollis, Naomi Thomas, Thelma Morlin, Lorraine Wilkins and the pastor, Rev. M. A. Groff. Rev and Mrs. Leroy Filbre, Mr. and Mrs. Wesley Cruse, Mr. and Mrs. Harvey Steward, Mr. and Mrs. William Zincer, Rev. and Mrs. Roy Meredith, Mr. and Mrs. Virgil Honeycomb, Mr. and Mrs. Grayson Davis and Mr. and Mrs. Riley Wilkins.

CHRISTMAS BONUS CHECKS were distributed to employees of the W. T. Grant store, who had worked there for one year or more, with special recognition was given to (left to right)—Mrs. Marilyn Miller, Mrs. Marie Wray, (over 20 years service), C. J. Gibbs, and Mrs. Evelyn McCollegan, by Jack Bridger, operations manager.

MARSHALL BROWNIES

TO OBSERVE CHRISTMAS

Brownie Troop 140, sponsored by the Marshall PTA, held a weekly meeting Wednesday afternoon with the leader, Mrs. Charlotte Fuller, in the home of another leader, Mrs. Marilyn Smith, 2801 Wayne avenue. Debbie Smith assisted.

The session was called to order with a flag ceremony as the Brownies repeated the pledge and promise and sang their troop song. Plans were made for a Christmas party Dec. 18 at the Smith home with a gift exchange. They will make Santa puppets at that time and spray-paint gifts for the family.

The troop practiced a flag ceremony which it will present for the PTA Dec. 16, and discussed participation in the Neighborhood Three "festival of giving" held over the weekend.

A new member, Cindy Jackovich, was welcomed. The meeting concluded with singing of "Taps" in a friendship circle, followed by a "magic tunnel."

Answering roll call were Kim Anderson, Nancy Ashby, and Delora Cox, Carol Ann Davis, Laurie Ferrere, Barbara and Lisa Fuller, Kathy Hudley, Tammy Hudson, Kimberly Johnson, Vickie Johnson, Inkie Kramer, Beth Ann Lehne, Barbara Miller and Betty Singleton.

CHRISTMAS HANDICRAFT Niedringhaus PTA Brownie Troop 349 held a regular meeting Wednesday afternoon in the home of Mrs. Phyllis Popmarhoff, 2844 State street, under the leadership of Mrs. Judy Shuran. At the opening ceremony, the scouts recited the pledge of allegiance and promise, sang "America" and reviewed the three Brownie "B's".

The members chose five tree ornaments that were used on the neighborhood Christmas tree during the "festival of giving" held at St. John's United Church of Christ Sunday afternoon. The troop also filled a decorated basket which was presented to the Protestant Welfare for distribution.

A handicraft session was held and each girl made a Christmas tree out of gold foil paper and trimmed it with colored pop-it, made "good" and "bad" corn and cotton balls. The troop made cards for the parents, and each girl will perform a task instead of presenting the usual gift.

In attendance were Paula Bogosian, Robin Conko, Allison Crane, Janice Morgan, Carla Penrod, Dorothy Papmarkoff, Mary Ellen Romine, Laurie Shuran, Barbara Staub, Debbie Thomas and Lori Voss.

Parking Lot Mishap
As the auto of John Sullivan, Roxana, was backing on the Bellefonte Village shopping center lot at 9:45 p.m. Saturday, it collided with the front of the parked car of William Houser, 29 Bernuda lane.

BB Shot in Auto
Roberta Hudson, 2724 Harvey place, reported Friday evening that someone shot the right door of her 1969 auto, apparently with a BB gun, while it was parked at 2900 Delmar avenue.

HOLIDAY PREPARATIONS
Junior Girl Scout Troop 222 met Friday at Stallings school with the leader, Mrs. Maude Bates. One patrol worked on Christmas gifts while other members practiced a play and planned a Christmas party.

SCALE DOWN CLUB LAUNCHES CONTEST

The newly-formed Scale Down Tops (Take Off Pounds Sensibly) club, met Thursday at the home of Mrs. Lori Hintz. The contest was called to order with a roll call which was answered with weight losses and gains.

Singing was held and a contest was started. It will run until the end of December, with a gift to be presented to the one recording the most weight lost. The club is looking for additional members. Those interested may call 931-4150.

CADETTES TO CAROL

Cadette Girl Scout Troop 193 met Thursday at Grigsby Junior high school with the leader, Mrs. Joyce Hand. After a flag ceremony, the girls worked on Christmas gifts and made plans to go Christmas caroling next Saturday. After caroling, they will return to Mrs. Hand's home for refreshments.

TROOP TO HOLD PARTY

Brownie Troop 254 of the Stallings PTA met Thursday afternoon at the home of the leader, Mrs. Margaret Polter, who was assisted by Mrs. Karen Lewis. Roll call was answered with names of desired Christmas gifts.

The members chose bunnies and worked on tree ornaments for their Dec. 18 Yule party at the Polter home. Names were drawn for a gift exchange. Refreshments for the party are to be furnished by the girls' parents.

Christmas gifts will be completed and taken home this week.

Christmas Gifts, Decorations in Area Theft Loot

Christmas gifts and decorations were the targets of thieves in a number of weekend crimes in the Quad-City area, while burglars broke into two homes and a school.

Mrs. Charles Szepepanik, 2542 Ivy Lane, reported to the Madison county sheriff's office that when she and her husband returned home at 7 p.m. Sunday they discovered that their Christmas tree lights were stolen.

Two Christmas packages were taken from the living room and a man's gold wedding band was stolen from a bedroom at the home of Mrs. Phyllis Cowan, 2608 East 25th street, she reported at 1:15 p.m. Sunday. The Christmas gifts were recovered from a boy, 15, residing in Kirkpatrick Homes.

Christmas Lights Stolen
Mike Mega, 2446 Lincoln avenue, reported at 10:40 a.m. Friday that 18 outside Christmas lights were stolen from his porch.

Sharon Hodshire, 2902 Pershing Blvd., reported at 8:20 a.m. Friday that a string of outside Christmas lights was stolen from the front of her home during the night. It was valued at \$4.

Twenty-seven outdoor Christmas lights were stolen from shrubbery in the yard at the home of Pete Dimitroff, 2201 Hodges avenue, between 8 and 9 p.m. Saturday.

Twelve outdoor Christmas lights were stolen Saturday evening. It was reported by Phyllis Cowan, 2608 East 25th street.

Robert Utke, 2116 Washington avenue, reported at 6:25 a.m. Friday that his house was broken into after 2:25 p.m. Thursday. Entry was gained by breaking a front door glass and unlocking the door. Nothing was missing. He said Mrs. Utke may have frightened the intruder when she returned home.

Death Penalty in Jennings Trial

Kassell Jennings, 25, of Eagle Park Acres, and James A. Hyde, 28, East St. Louis, were found guilty of murder Friday afternoon by a St. Clair county circuit court jury in Belleville which recommended the death penalty for both defendants.

The jury deliberated only two hours following a trial that began in Circuit Judge James W. Gray's court 1:30 Tuesday morning. Judge Gray gave attorneys for the defendants 30 days in which to file post-trial motions before fixing a date for sentencing.

After the jury returned the verdict, Judge Gray sentenced the two men to 30 days in the county jail for contempt of court for vocal outbursts during the closing arguments.

Jennings and Hyde were convicted of the murder of Paul O. Walker, Fair Grove, Mo., at an East St. Louis car wash establishment during an armed robbery last July 23. The state charged Walker was shot to death after he was forced to crawl under his truck.

The two defendants also were convicted of the armed robbery of three men in the car wash at the time of the murder and of the abduction of Mrs. Danny Hatcher, of Winchester, Ill. She was found unharmed an hour and a half after the shooting. Jennings was shot in the head during the robbery.

MORE ABOUT Candidates

board members scheduled in next year's balloting.

One Spot Open
Only one spot on the normally five-man board at trustees is involved and such an election, if one would be held, would be conducted only in the Madison county portion of the bi-county levee district. That portion is made up primarily of the Quad-City area.

Madison county is entitled to two members on the board, and St. Clair county elects three, with the split determined by the assessed valuations of the two district areas. In November, 1988, the Quad-City area re-elected William "Mike" Ebersold of Venice and Joseph Grant of Granite City to new four-year terms as levee trustees.

Grant died earlier this year, leaving Ebersold as the only Madison county representation on the board.

Democrats had speculated that Gov. Ogilvie would delay calling a special election, which is necessary if there is more than one year of the term still to serve. Then, in 1971, they theorized, the governor would be able to appoint a board member because there would be less than a year of the term remaining. This appointment, they speculated, would certainly go to a Republican. The levee board has been Democratic for many years.

Louis C. Lerch, 60, Dies; Former Resident

Louis C. Lerch, 60, of 1224 Lindenwood avenue, Edwardsville, a native of Granite City and longtime resident here, was found dead in bed at his home about 1:30 p.m. Saturday. He had not been ill and his health was considered good, a family spokesman said. An inquest is pending.

Mr. Lerch was discovered by his son, Larry, also an Edwardsville resident, who had gone to the home to escort his father to a birthday dinner. The elder Lerch resided alone.

Born in Granite City, Mr. Lerch lived here until the mid-1940's. He was employed in the maintenance department at Madison County Sanatorium, Edwardsville, the past 20 years. Prior to joining the sanatorium staff, he had worked at the Granite City News Co.

Mr. Lerch was a member of Eden United Church of Christ, Edwardsville. His wife, Mrs. Esther (McLean) Lerch, died in 1963.

Beside his son, Larry, also surviving are one sister, Mrs. Charles (Viola) Mueller of Granite City; two grandsons and several nephews and nieces.

Funeral services will take place Tuesday at Edwardsville.

Chapter 650, Holiday Party

Chapter 650, Order of Eastern Star, held a Christmas party Thursday evening in connection with a regular meeting.

The newly-elected officers, Mrs. Mary Bailey, worthy patron, and Earl French, worthy patron, were in charge and honored guests were Mrs. Cora Hettich, junior past patron, and John Dehart, junior past patron. Several others were recognized and introduced, including members of New Hope Chapter, who were guests.

In honor of the past officers a surprise skit was given, and Mrs. Hettich and Mr. Dehart were presented with gifts. Mrs. Carolyn Ledbetter sang "Angels We Have Heard on High" in their honor.

Refreshments were served in the dining room where a silver tree stood, surrounded with packages for the gift exchange. The theme "—And Visions of Sugar Plums Danced in Their Heads" was used as the lights were dimmed and the members and guests were seated at tables centered with Christmas arrangements. Favors were Santa Claus heads filled with candy.

Santa Claus appeared later and there were gifts for all as carols were sung.

REBEKAH'S HOLD CHRISTMAS PARTY

Juanita Rebeckah Lodge 477 met Thursday evening at the American Legion Hall for a pot luck supper and Christmas party.

Thirty-two were present, including two guests. Due to the coming holidays the next meeting will be held Jan. 8 when there will be a school of instruction conducted by Mrs. Edith Carpenter, deputy.

YMCA Senior Citizens' Party

The YMCA Senior Citizens held their annual Christmas dinner Friday at Niedringhaus Church.

The group's secretary, Margaret Street, said the 52 present were served a turkey dinner. Mrs. Ora Dowell of Granite City was a guest.

After the meal, table games were played with prizes won by Mrs. Minnie King, Mrs. Alma Davis and Mrs. Sarah Best. The president, Mrs. Jewel Ratliff, presided and gave Christmas reading titled "The Christmas Guest."

The group will meet 10 a.m. Friday at the Tri-City YMCA for a business meeting and potluck dinner.

Governor Names 4 New Members To Air Board

Appointment of four new members of the Illinois Air Pollution Control Board was announced Friday by Gov. Dan Claitor, who said two of the new members will fill seats reserved for industry.

Named to the board are Arthur E. MacQuiken of Downers Grove, head of a firm that produces water pollution control devices; Dr. John Post of Northbrook, medical director of Zenith Radio Corp.; David P. Currie, a professor at the University of Chicago Law School; and William L. Rutherford, director of the Illinois Department of Conservation.

MacQuiken replaces Paul B. Hodges of Collinsville, whose term expires this year. Hodges is chief of pollution control at the Krummrich plant of Monsanto Co. Dr. Post will serve in the place of Dr. Thomas J. Kelly, an industrial physician from Wood River. Currie was named to a vacancy created by the resignation of Maurice F. Gossell, of Lawrenceville, while Rutherford replaces John G. Warren, outdoor editor of the Moine Daily Dispatch whose term expired.

Reappointed 3 Years
Edgar Foster of Lake Forest was reappointed to a three-year term on the board. He is vice-president and treasurer of Illinois Bell Telephone Co.

The governor said in announcing the appointments that "citizens of Illinois are entitled to a clean and pollution free atmosphere."

"Clean air is essential to good health. We are determined that it will not become a luxury for a few."

Clarence W. Klassen, technical secretary to the board, said increased funds provided by the General Assembly will provide additional personnel and equipment to step up enforcement.

MORE ABOUT SIMAPC Board

That means for every school, university, damp and jail we now have, in 30 years there will have to be two.

We have to plan and build a duplicate America.

"This growth," he added, will pose social and environmental problems that we not even dream of today — more civil disorders, crimes, delinquency.

The environmental problems will include air pollution, Roos said, pointing out the East-West Gateway Council is recognizing the need for an attainable objective, not just a grandstand play. He added that an area-wide solution to handling waste materials also is needed — one that will be feasible to everyone.

"The solution must be found or we'll choke on our own garbage."

The St. Louis county supervisor noted there will be resistance by taxpayers to pay for new facilities and services, — to follow the processes used in planning for doubling facilities.

"Local governments can assign a capable platform for close planning and finding ways to get the job done," he said. "We need to do it get the governmental agencies together, and we can meet the challenge and not give up the responsibility of local government. We can do this through the East-West Gateway Council through coordination."

"If local government is to survive, it must be able to solve the problems," he said. "The regional approach" is needed, he said.

"The regional approach," Roos continued, "leaves the responsibility to locally elected officials to solve the problems. This will mean the expansion of the East-West Gateway Coordinating Council."

Outlining a possible procedure, Roos said the governmental agencies could enter into joint purchasing arrangements to save money and could undertake consistent procedures for development of building codes and enforcement of the codes.

He added that there could be joint undertakings for water and sewer systems and regional police training with an area-wide exchange of information. With development of a major airport in Illinois, which Roos said he was backing a thousand percent, there would be a need for a metropolitan airport authority for Illinois and Missouri to prevent maneuvering by large airlines.

Roos said development of such overall plans will take a number of years, but "it is necessary to recognize local interests and any resistance to communities are broadening, change and public apathy."

"The boundaries of local and local government needs to become more professionalized," he concluded.

Wilson Deloney, 57, Dies This Morning

Wilson (Bud) Deloney, 57, of 1413(r) Fourth street, a 36-year resident of Madison, died at 7:15 a.m. today at John Cochran Hospital, where he had been a patient since Thursday evening. An inquiry will be conducted to determine cause of death.

Mr. Deloney was born in Boone Terre, Mo. He was employed at Laclede Steel Co. in Madison.

A member of the Venice-Madison American Legion Post 307, he had served in the Army during world war II.

Surviving are two sons, Ronald and Donald Deloney, both of Madison; two brothers, John Deloney of Troy, Ill., and Elmer Deloney of Tolden, Ill.; a sister, Mrs. Alex (Ruby) Kostecki of Madison. Another brother, Lloyd Deloney preceded him in death.

Funeral arrangements are being given in today's obituary column.

Teamster Local 525 Official Re-Elected

By a 604 vote margin, William Doty of Jerseyville, was re-elected secretary-treasurer and business representative of Teamsters and Chauffeurs Local 525 out of 1,000 votes. He was re-elected in a four-day election period which concluded yesterday.

Doty, who was renominated to a three-year term, has served the past 20 years in Local 525's top administrative office. The incumbent officials received 900 votes to McFarland's 296 vote total.

Balloting took place Thursday through Sunday at Teamster offices in Litchfield, Edwardsville, Alton and Granite City. Local 525 has a membership of about 2900.

Mrs. D. L. Kacaleff, was hostess to the Madison Literary Club Christmas party, held home, 1301 Iowa street, for the annual Christmas party.

Members and guests arriving from Christmas decorations, and gifts for an exchange were placed on a decorated table.

Mrs. Harry Johnson presided and read a Christmas story, "Miss Nelle Carr was in charge of the program and presented slides and a narration on Handel's 'Messiah.'"

"The Night Before Christmas" also was shown. Miss Margaret Drickson assisted with the films.

Mrs. Marion Fogle gave a reading of "Precious Thoughts for Christmas," closing with a Christmas prayer by E.A. Freeman and Edgar Guest's "Blessings" and benediction.

Mrs. John Kirkcaldy presented a Santa Claus and a dessert luncheon was served by the hostess assisted by Mrs. Kirkcaldy and Mrs. John Nattelle.

The guests included: Mrs. Austin Lewis, Mrs. Delores Gash and Mrs. Ray Gregg.

Members present included Mesdames Mary Connole, Elizabeth Deffenbaugh, George Thomas, L. Harlan and McBrian.

Mrs. Deffenbaugh gave the invocation, "A Christmas Prayer." During the roll call, Mrs. McBride and Mrs. Johnson told of experiences at Bethlehem and at the gates of the church on the site of Christ's birth.

The membership committee, Mrs. Kacaleff, Mrs. Harlan and Mrs. McBride, presented Mrs. Ray Gregg as a member and she was welcomed by the group. Mrs. McBride will be hostess for the January meeting.

Cadet Troop 114 met Thursday at Louis Baer school with the leader, Mrs. Mae Hendrickson. Roll call was responded by Debbie Lawrence, Christi Skelly, Ruth Fanning, Carol Wilkerson, Helen Cales, Nancy Maxwell and Donna Reeves. Plans were made for a Christmas party to which the mothers are being invited Dec. 18.

SHIP SHAPES CORONATION
The Ship Shape club held its annual Christmas party and annual coronation and graduation party Saturday evening at the Joyce hall in Granite City.

Mrs. Yvonne Passig, president, presided.

The dinner was served to couples at tables decorated for the Yule season. Mrs. Barbara Krohn was crowned "queen of the year" and Mrs. Virginia Hohe was runnerup.

Mrs. Johanna Collett and Mrs. Marie Bryant also attained and maintained weight goals. Charms were presented to the officers, Mrs. Passig: Mrs. Collett, vice-president; Mrs. Hazel Trots, secretary; Mrs. Lorrene Gremund, treasurer; Mrs. Marie Bryant, recorder; Mrs. Elizabeth Bucher, reporter; Mrs. Helen Townes, chaplain; Mrs. Betty Allen, keeper of points; Mrs. Shirley Kingsley, keeper of canned goods for baskets; and Mrs. Beverly Lindsey, singer.

The crowning and awards handled by Mrs. Bryant, queen of the past year.

Humorous styles were worn by Mesdames Krohn, Geneva Hill, Shirley Kingsley, Linda Hohe, Pearl Keister and Alice Baumberger.

Mrs. Collett read an article she had composed on secrets of club members, and Mrs. Albert Robertson read an article, "This Christmas Will Be Different." A play, "Honeybee," was given by Mrs. Juanita Harrington and Mrs. Betty Allen.

Members honored Mrs. Passig, the club president, and Mrs. Bryant as women of the year. They will receive charms engraved in their honor.

Carols were sung and the re-

mainder of the evening was spent dancing.

Taking part were Mr. and Mrs. Walter Baumberger, Mr. and Mrs. Jack Vizer, Mr. and Mrs. Ray Allen, Mr. and Mrs. Paul Taylor, Mr. and Mrs. Bernard Ripple, Mr. and Mrs. Ray Allen Jr.

Mr. and Mrs. W. E. Passig, Mr. and Mrs. Ed Trots, Mr. and Mrs. Joseph Krysota, Mr. and Mrs. Ed Dehnal, Mr. and Mrs. Harrington, Mr. and Mrs. Fred Collett, Mr. and Mrs. Roy Hill, Mr. and Mrs. Harold Krohn.

Reality-Altering Drugs Especially Dangerous During Young People's Personality Growth, Development

By STANLEY F. YOLLES, M.D.
Director, National Institute of Mental Health
(Last of Five Articles)

Until recently, most parents of young people were not especially concerned with facts about drug abuse. The use and misuse of new and ancient mind-altering preparations were largely matters of medical, pharmaceutical and, as regards control, legal interest. Any compulsion of advice on "what every parent should know" might comfortably have excluded the subject of drugs.

No longer is this so. Today, our oil-polluted society is alarmed and confused over the growing abuse of drugs among young people. Waves of shock follow in the wake of reports of car wrecks, "pot" or marihuana. The word "marihuana" has, like it or not, infiltrated the nation's playgrounds.

The problem is real, not just a hoboism one. Drugs, such as marihuana, the amphetamines and barbiturates, LSD, and the opiates (particularly heroin) have become familiar—pot, speed, benies, gooballs, junk, acid, and similar terms—in the world of youth, whose innocence frequently blurs the distinction between being turned-on and turned-off.

As the principal federal agency responsible for stimulating research on drug abuse, the National Institute of Mental Health is vitally interested in strengthening our arsenal of knowledge and in helping to make the real facts about drugs, as are known from scientific evidence rather than rumor, available to the public.

In reaching the public, every member of which has a personal need to know about mind-affecting drugs and their proper and improper use, newspapers are a most important medium.

In our current campaign to develop and carry out, as a cooperative program with everyone interested, a nationwide drug abuse educational program, the newspapers and magazines are playing a key role.

Articles, such as this, and many other features, extensive and, of course, the reporting of news developments of all kinds are helping a great deal.

Through such means, people can learn, for example, that the Institute has recently published a series of four factual easy-to-read leaflets on drugs which are being made available to

Lake Park is a Significant Contribution To Development of This Metropolitan Area

The Southwestern Illinois Metropolitan Area Planning Commission has been prominent in the news, electing Henry D. Karandjoff as its 1970 president, making plans for the next year and conducting a seminar at Horseshoe Lake culminated in success this year. Acquisition funds were allocated and the lake was made a responsibility of the Illinois Conservation Department.

It will be recalled that discussion and studies related to the park proposal have been in progress for several decades. Mr. Karandjoff served as Horseshoe Lake commission chairman throughout its existence, guiding preparation of detailed reports and maps which effectively presented the need for additional recreation facilities and the feasibility of developing the largest natural lake in this section of the U.S.

With judging scheduled in seven different divisions, it will be possible to recognize leaders in a variety of constructive undertakings. We are hopeful one of them will be Mr. Karandjoff, whose accomplishment will vastly expand leisure and conservation programs in the heart of the three-county SWIMAPAC area during the coming years.

Faster Development of SIU-SW Campus Justified by the Location and Need

The prospect of a classroom shortage at the Southwestern campus of Southern Illinois University next fall bears out the wisdom of the original decision to establish a state university within the local metropolitan area. It also spotlights the obvious need to accelerate planning and construction of new facilities at SIU-SW.

The start of three scheduled building projects here is being delayed at present by the general governmental construction cessation linked to efforts to curb inflation. This deferral is expected to be only temporary in nature.

The pace of construction here has been slowed by overlapping layers of jurisdiction. The Illinois Board of Higher Education was formed to coordinate university programs and to end excessive competition in lobbying for legislative appropriations. It has accomplished these objectives to a degree but has disallowed some geographic bias in its over-reaction to spending proclivities. And its screening

of fund requests seems to result in automatic slashes and quotas regardless of the extent to which specific campuses have justified their proposed projects.

Each of our every campus should expand in direct ratio to its present enrollment, because the actual need for added facilities varies.

Maybe in some years an already immense institution of higher learning need not grow. Instead, allowed to grow like SIU-SW—situated in a metropolitan region whose university needs were ignored by the state for many years—to expand to a size and nearly 14,000 students enrolled and seeking to be enrolled.

Each of Us Must Accept Part of the Task Of Reversing the Sharp Increase in Crime

The Federal Bureau of Investigation says crime has risen 122 1/2% while population was increasing 1 1/2% during the decade of the 1960s. The Federal Commission on the Causes and Prevention of Violence foresees business districts deserted at night, high-rise apartments turned into armed compounds, home owners installing burglar alarms, and their bolted doors, guards "riding shotgun" on city buses and taxicabs and commercial vehicles equipped with bulletproof glass.

The record of the past and the outlook for the future are so alarming that we do not feel they can be accepted passively. Society is not "they" but each of us; our civilization and environment are determined by our collective but individual efforts, attitudes and actions.

It is common knowledge that a powerful underworld could not exist without our double standard—outstanding respect for laws by citizens who are willing to break the same laws if they think it would not be detected. Added to this problem has been a meteoric rise in aspirations toward a life of luxury and materialism.

Whether Quad-Cityans and Americans generally will rise to meet the challenge is not really optional any longer. The alternative is so horrendous that positive steps by everyone to oppose lawlessness and violence are a must.

Honor for Our Lady County Clerk

To Miss Eulalia Hotz, veteran Madison county clerk, goes a hearty salute on her election as president of the Illinois Association of County Officials. She is the first woman to head the statewide organization.

County clerk for seven four-year terms and associated with the office for 16 years before she was elected to the post, Miss Hotz combines knowledge and efficient service with a pleasant manner, fostering effective functioning of not only her own office but much of the governmental structure of Madison county.

Her record indicates she will be able to provide skilled leadership as head of the parent body of all Illinois county officials' associations.

Our favorite expression of longevity was given by an elderly gentleman, who attributed his long life to "never wasting energy resisting temptation."

There might be less business for the juvenile courts if there was a greater turnover in the spanking business.

The experiments who crossed a potato with a sponge reported that it tastes terrible but sure holds a lot of gravy.

Consumer spending in 1970 will be that services (medical care, recreation, financial services, repairs and related services, etc.) will surpass nondurable goods (primarily food and clothing) as a claimant on consumer incomes.

The growing service orientation of the consumer is a major factor in the government's efforts to restrain the economy. However, a reduction in the tax bite will offset the growth of productivity and the rise in total consumer spending will be about as much as in 1969.

CHIVALRY IS ALIVE AND WELL IN QUAD-CITIES

To the Editor:

Wednesday evening, Dec. 3, could have been one of those nights you try to forget and can't. The battery was stolen from my car while I was attending a meeting.

This is an unfortunate experience, but, believe me, I had my first in making it worse. Not by the act of the thieves, but out of this misfortune came people willing to go an extra mile to help a fellow human being.

One gentleman who assisted us was Mr. Glen Thornburg. The other gentleman was Skip Milhauser. These men were wonderful—helpful in every way. I have never met anyone more thoughtful and courteous. They truly could not have helped more than they did.

Chivalry is not dead. And though the evening was not "perfect," it proved to me that in a world filled with much unkindness and violence, there are still some who do feel concern and want to do someone in trouble.

Thank you for the help and consideration shown by these nice gentlemen.

Thank you for the kindness by their assistants and publicly thank God for people like them.

CANNOT REAP FREEDOM WITHOUT DEFENDING IT

To the Editor:

"Peace" is our patriotism? "Peace," everyone screams and demonstrates for.

But when, in this country or any other, has peace ever been handed to us on a platter, or won by urging our young people not to fight for it?

Worse yet, when has peace been won by fighting among ourselves and destroying and weakening our own country to the point that the Communists can walk in and take over without a shot?

When they do get papers or news from home, it is all strife, demonstrating or war. They are over there in a hot, bloody, and brutal struggle.

At least in our other wars we were able and anxious to keep our boys' morale up. Now we are trying to tear it down as thoroughly as possible.

Our son will go into the service next year. We will be proud of him—and for what he believes in and will be fighting for.

He will not be hiding under the bed waiting for the other boys in his classes to enlist first, and then claim exemption as a conscientious objector or coward—as so many young men are, and trying to hide it under the guise of wanting "nothing but peace."

Peace has never been free. America is the most wonderful country in the world. Honor it and defend it. Love it or leave it.

BUILD OVERPASS LINKING W. GRANITE, DOWNTOWN

To the Editor:

Slowly but surely, a 20th century highway is taking shape along the levee on the outskirts of West Granite.

The highway will stop short of a "horse and buggy" bridge in Vandalia, the McKinley.

The bridge is one which many motorists from the area have stopped using since the opening of the new toll-free Poplar Street Bridge, which connects Granite City with St. Louis.

I am sure that all car owners in West Granite will agree that the highway will be of little value in the westward direction to the McKinley Bridge.

The people of West Granite have long prayed and pleaded for an overpass over one of three streets connecting West Granite with downtown Granite City.

Twentieth street would be the best choice, since it is a state highway.

When the people of West Granite leave their homes for a drive downtown, it's 10-15 minutes to be stopped for a train or trains for 10 to 25 minutes.

If a train is long and slow, it exits from West Granite and Lincoln Place are sealed off.

Many times I have seen ambulances and police cars with red lights flashing but unable to get through because of a long, slow train.

When they reach their place in downtown Granite, but surely we should have access to downtown Granite with at least one main thoroughfare.

If all concerned would take the time to write Governor Ogilvie and Congressman Maym Price and explain the situation about the railroad crossings here, we could with enough letters get the railroad to help.

It's about time something constructive is done toward this problem. As can help.

WOULD BE GREAT ERROR TO CLOSE MENTAL CLINIC

To the Editor:

I feel very strongly that it would be a great mistake to discontinue the Madison County Mental Health Clinic, which is very badly needed in our Quad-City area.

Also, it would be an even greater and graver mistake not to have Mr. Staten as the director of the center.

Some may feel that my opinion is very overvalued and that I am very biased. But I feel it is my duty and responsibility to enlighten them and how the Madison County Mental Health Clinic has helped my sister, my youngest son and myself.

I have just recently been released from the hospital. There will be a few more sessions with Mr. Staten. After that, I will be on my way with a whole new lease on life.

I might add that if it were not for the clinic, but most of all Mr. Staten, my three children and I just might not be alive today.

For this, my husband and I thank God that he has given our communities, and other communities like it, clinics, doctors and directors who care for the Quad-City area.

'Con Con' Urged to Include Right Of Public to Healthy Environment

By U. S. SENATOR CHARLES H. PERCY

I urge the members of the Illinois Constitution Convention to restore to the people of Illinois their right to survive—their right to a decent environment. I ask that they affirm that right in an amendment to the Illinois Constitution.

Pollution cripples air, pollution kills, and our people have a right not to have to live in fear of it.

I am talking about air pollution that makes the sky a little less blue or the stars a little less bright. I'm talking about the kind of air pollution which causes serious illness and death in small children from tracheal bronchitis.

These tragic deaths have been running 50% higher than health officials ever expected.

The second step, and one which can be taken immediately, is to reaffirm for our people the right to a wholesome environment and to rededicate ourselves to upholding that right.

There was a time when the loveliness, the cleanliness, the purity of this country's air and water were a part of our heritage that there was no need to dwell on it.

When you look around for a moment and see the devastation we have perpetrated on this country's environment in only a few hundred years, you realize that we can no longer assume a wholesome environment will be naturally forthcoming.

Production Likely to Approach \$1 Trillion in 1970, Inflation Will Ease

By DR. EDWARD D. ZINBARG
Vice-President and Chief Economist,
Prudential Insurance Co. of America

The American economy will produce a record \$990 billion of goods and services during 1970, up 6% over 1969, but inflation will claim most of the gain.

Only one fourth of the increase will represent real growth; three fourths will reflect price rises. Inflation will lessen gradually, although it probably will not settle at a more acceptable level until 1971.

As the gross national product nears the trillion dollar mark, the median American family income will approach \$10,000.

Principal factors in 1970's performance are a real growth rate will be a decline in defense spending. While we were attempting to deal with a specific technical aspect, the overall problem has been inflation, and the problem has increased.

At the local level, and then the state and federal levels, we must analyze the entire picture of environmental pollution and begin to form a coherent strategy to allow states and funds, research and technology, conservation and public information begin to launch a broad-scale and really effective program to combat the problem.

The second step, and one which can be taken immediately, is to reaffirm for our people the right to a wholesome environment and to rededicate ourselves to upholding that right.

There was a time when the loveliness, the cleanliness, the purity of this country's air and water were a part of our heritage that there was no need to dwell on it.

Grassroots Government

Measures to restrict demand are probably appropriate to fight inflation in the short run.

But the long run solution lies mainly in measures which create incentives to improve the productivity of our workers, including those in the service industries.

Plan Program for Mental Health Service at Alton

Programs are being established within the three units of Alton State Hospital to include ambulatory, mentally retarded patients as part of a plan to relocate patients house at Lincoln and Dixon state schools, it was announced today.

The plan also will call for relocation of mentally retarded patients over 18 years of age from Warren C. Murray Children's Center at Centralia to a mental retarded program at Alton State or an appropriate facility in the community.

Dr. Abraham Simon, superintendent of the Alton hospital, said the concept is to provide services for the mentally retarded in facilities within the mental health zone that geographically serves the patient's home area.

Accomplishment of these services presents a serious problem, even on a partial basis, Dr. Simon said, because there are only two facilities in the 17-county area which makes up Mental Health Zone VII in which Alton State is located. These are Warren C. Murray, which admits only children from six to 18, and Alton State which never was designed for the purpose and does not have employees oriented to service mental retardates.

He said the physical facilities of the hospital as well as the staff are not available to provide nursing care for mentally retarded patients. Another gap in Zone VII services, he said, is a facility to care for babies and infirm adults which does require specially designed hospitals and a staff of professional treatment personnel of more than 2.1 per patient to provide necessary services.

Canal Freight Again Nears Record Month

Freight shipments moving through the Chain of Rocks locks and canal during November totaled 4,827,918 tons, only 69,617 tons less than October's all-time record high freight movement of 4,897,535 tons, it was reported yesterday by the U.S. Army Corps of Engineers which operates the locks.

The large volume of shipments last month brought the total amount of freight moving through the canal during the 11 months of this year to 42,505,162 tons, the report showed. This is 2,038,082 tons more than the total freight shipped through the canal and locks for the same 11-month period last year, amounting to 40,466,080 tons.

November freight movements

showed a decline below October's shipments of goods moving up river, but an increase over the October shipments going down river. Freight going up river last month totaled 2,484,337 tons, compared to 2,621,985 in October, while down river freight last month totaled 2,402,681 tons, compared to 2,275,550 in October.

Report Craft Movements
The Army Engineers report showed a total of 6089 vessels, including 923 towboats and 4964 barges, was locked through the canal in November, compared to 6227 vessels (994 towboats and 4533 barges) in October. Other craft lockages in November included two passenger boats, 56 private recreation boats, two government tow boats, 81 government barges,

one construction boat and 20 governmental patrol boats. A total of 945 lockages was made during November, compared to 1058 in October and 918 in November a year ago. The report said freight shipments received from November included: Petroleum products, 678,700 tons up river and 208,800 down river; grain, 33,150 tons up and 1,852,450 tons down; coal, 864,850 up and 21,000 down; cement, sand and gravel, 14,900 up and 33,900 down; sulphur, 11,000 up and none down; miscellaneous commodities, 514,000 up and 85,551 down; iron and steel products, 19,622 up and 134,680 down; and chemicals, 288,015 up and 34,300 down.

A total of 56,415 vessels has been locked through the canal during the 11 months of the year, compared to 55,130 for the same period last year, the report showed. These craft movements included lockage of a total of 9284 tow boats and 44,713 barges carrying commercial freight, and 86 U.S. government tow boats and 513 government barges.

Army Security Agency Needs Eligible Men

Choice assignments with the U. S. Army Security Agency are now available for men who can qualify, it was announced this week by S/Sgt. Morris L. Cook of the Army recruiting office at 1206 Niedringhaus avenue. Eligible applicants may train in electronics, radio and cryptanalysis, languages, and many other desirable occupations.

Sgt. Cook said that in the electronic field a man is schooled in testing and performing repairs and maintenance on all types of electronic equipment. He receives instruction in electric fundamentals, circuitry, and then moves on to advanced work in electronics.

Training in radio code, the sergeant added, teaches men to become skilled in radio communications while communications security trains them in solving cryptograms—using symbols and ciphers, plotting direction finder bearings and performing basic traffic analysis.

He pointed out that a young man can even acquire the ability to translate, speak and write a foreign language and develop that skill to the point where he compares favorably with a native in the country he is assigned. Among the languages taught are Chinese, German, Italian, Japanese, Korean, Polish, Russian and Turkish.

Nameoki Band To Present Yule Concert Friday

The Nameoki Band will present its annual Christmas concert Friday, Dec. 19, at 7:30 p.m. in the school gym.

Included on the program will be the following numbers: "Mr. Mopsey" by John Kinyon; "A Mighty Fortress Is Our God," from two chorales by Bach, arranged by Walter Finlayson; "Alleluia" by Camille Saint-Saens, arranged by P. M. Stouffer; "Big Rock Candy Mountain," arranged by Art Dedrick; "Medean Suetide" by Ted Petersen; "Christmas Tidings," arranged by Ernest Greene.

"Vacation Antics," a snare drum solo, will be performed by Glenn Schubert, first chair percussionist with the band; and a mixed ensemble will perform six Christmas carols from "Play A Song of Christmas," by Ruth L. Zimmerman.

The band, with 82 members, is made up of students from Frohardt, Maryville, Mitchell, Nameoki, Niedringhaus and Parkview schools.

Yule Party for Jr. Bay View

Mrs. Gray Costello and Mrs. Arthur Gray were co-hostesses at a Christmas party for the Junior Bay View Reading Club Friday evening at the home of the former, 2902 Washington avenue.

Mrs. David H. Thomas, president, opened the meeting although business for the evening was dispensed with.

Holiday appointments were used and there was an exchange of gifts among the group, including a new member, Mrs. Isabel Schmidt, welcomed by Mrs. Thomas, and a guest, Mrs. Winifred Costello, mother of one of the hostesses.

Although no program was given, each of the members related memorable events of earlier Christmases, and there were games. Prizes were awarded to all.

Yuletide decorations were used and refreshments were served to those mentioned and to Mrs. William Beatty, Mrs. Clinton Erlinger, Mrs. Ernest

FIDELIS CLASS HOLDS CHRISTMAS DINNER

The Fidelis class of Grace Baptist Church met Thursday evening at the home of Mrs. Frances Thomas, 1426 Norwood drive, for its Christmas party.

While carols were played softly in the background, Mrs. Wilma Parker opened the party with prayer.

A pot luck dinner was served to Mesdames Jean Hopkins, Billie Boyd, Betty Welsh, Helen Emery, Helen McKinney, Colleen Sharp, Rosa Williams, Bernice Sharp, Edith Andrews, Dolores Craycraft, Elsie Joiner, Vira Nash and Demona Holkamp.

Several games were played, with prizes awarded to Mrs. Boyd, Mrs. Parker, Mrs. Williams, Mrs. McKinney and Mrs. Andrews.

Gifts were exchanged, after which dessert and coffee were served.

108 Central avenue, was treated for abrasions and contusions to the left knee and was released following x-rays.

Thomas had abrasions and contusions to the knees and was admitted following x-rays of the face, left elbow, knees, left hand and chest. Norton suffered abrasions to the face, left knee and skull and was admitted following x-rays of the face, knee and left ankle.

Trying to catch her boxer dog, "Brusier," Susan Padgett, eight years old, 2237 Edison avenue, ran into the street at 2222 Edison at 1:55 p.m. Saturday and was struck by the front of a northbound auto. The child was running from west to east.

She suffered a possible concussion and was admitted to St. Elizabeth Hospital after being taken there by ambulance.

The motorist William F. Reeder, 2524 Edison avenue, was driving about 20 miles an hour. He applied the brakes when the girl entered the street, and police measured 30 feet of skid marks on the pavement.

Kimberly McCormick, 205 Route One, Pevely, Mo., who was visiting at 1831 Third street Madison, was injured when she ran against the side of a northbound auto on McCambridge avenue at Fourth street Madison. She was admitted to St. Elizabeth Hospital after being taken there by ambulance. Her parents are Mr. and Mrs. Edgar McCormick.

The driver, Robert Summers, St. Louis, related that "a group of girls was crossing the highway from west to east and stopped in the middle. Then one broke away from the others and ran into the side of my car."

She had been walking with Jean McCormick, 13, of the Third street address, Vonus Wood, 14, and Kathleen Wood of the 1900 block of Fourth street, Carol Hancock, 2025 Beckwith street, and Nora Allen, 1912 Fourth street.

The impact cracked the windshield, broke the serial and dented a door of the Summers auto. The girl suffered left elbow bruises and possible back and right hip injuries.

River Festival Sponsorship, Funds Rejected

The SIU board Saturday at Carbondale declined approval of a contract proposal between SIU and the St. Louis Symphony for a 1970 season for the Mississippi River Festival on the Southwestern campus.

Trustees voted against the proposal primarily because of an anticipated \$120,700 deficit. On three different votes they declined to subsidize the Festival, but it is possible they will be asked to reconsider the decision at the January meeting.

Several indicated they had no objection to allowing the symphony to use the facilities built last year for the Festival as long as no university deficit was incurred.

The 1969 Festival drew more than 92,000 people to six weeks of symphonic and rock, pop and folk concerts.

Last summer's concerts were performed in the northeast sector of the SIU-SW campus. The tent seated 1850 in reserved sections and provided an unobstructed view for more than 10,000 who could be seated on the gently rolling lawn. Popular music concerts drew substantial crowds and broke even financially.

Critics described the 1969 season as a cultural and artistic success, terming the Festival a major national musical event. Among artists appearing were pianist Van Cliburn, cellist Leonard Rose and violinist Itzhak Perlman. Others include the Iron Butterfly, Buffy Sainte-Marie, the King Family Show, Ioni Mitchell, Arlo Guthrie and Richie Havens.

Festival attendance last summer was drawn from 46 states, the Canal Zone and Ontario, according to a parking lot check of license plates.

53, 4, 43 Votes

Vice-Chairman Harold R. Fischer of Granite City and F. Guy Hitt voted affirmatively to underwrite expenses of up to \$100,000, \$75,000 or \$50,000, being joined on the latter proposal by Ivan A. Elliott Jr.

Negative votes were cast by Chairman Lindell W. Sturgis, Eugene T. Simonds, Melvin C. Lockard and Dr. Martin Van Brown.

Dr. Albert W. Tritan, a Granite City dentist representing citizens seeking continuance of the concerts, addressed the board, stressing the value to both the university and this region. He said afterward he will seek to raise \$50,000 in private contributions and then ask SIU to match it.

SIU-SW Chancellor John Rendleman said he will work with Dr. Tritan in urging public support of the concert series.

In another action the SIU board authorized \$14,960 for planning of a 36-hole golf course on the Carbondale campus.

ucation building planned for SIU-SW was approved. The new site will be west of Bluff Road and north of the present soccer field. The building was originally planned for a site closer to the academic core, but soil conditions there were found to be restrictive, trustees were told. Relocation will place the building near proposed intercollegiate playing fields.

The board approved employment of an architectural firm to design temporary athletic facilities on the SIU-SW campus. The temporary facilities would come from the Student Welfare and Recreational Facilities Fund.

A committee from the SIU-SW student senate has been working on temporary plans for several months. These plans were endorsed by the student senate prior to submission to the SIU board.

Trustees approved employment of William L. Flippo and A. R. Kampwerth of Alton as project architects at a fee not to exceed \$8000.

trailer, which was standing about 50 feet south of the warehouse, was touched off by the flying embers and was burned out. The loss was set at \$2000.

Frequent Vandalism

Sternberg said he has had numerous incidents of vandalism to materials and equipment at the warehouse in recent months. It occurs mostly on weekends and holidays when no one is around," the contractor said. Police stopped one car with two young men leaving the general area while the fire was under way, but no charges were filed.

Youngsters living along Harding blvd. and Independence drive were credited with beating out flames from embers in a field adjacent to the homes. They used shovels, old drums and buckets of water to put out the fire.

The blazing warehouse is only 10 feet away from an underground 30-inch pipe line through which Shell Oil Co. pumps gasoline from its refinery at Roxana to St. Louis distributing points. Pumping operations were shut down during the blaze, but were resumed this morning.

The Bulk Service Corp. was constructing the warehouse as a bulk loading and unloading and storage facility. When built, it will handle bulk products from rail, truck or storage. The materials are used to fertilize, coal, sand and all types of grain and related bulk products.

It was learned late this morning that William Brown, operator of Bulk Service Corp., is expected to arrive here Wednesday to discuss rebuilding arrangements.

Improvement of Region Discussed

Over 100 government officials and business and civic leaders discussed "opportunity and change" facing Madison, St. Clair and Madison counties in an all-day session sponsored by the Southwestern Illinois Metropolitan Area Plan Commission Saturday.

Lt. Gov. Paul Simon, luncheon speaker, stressed that East St. Louis is inseparably linked to this region and urged other counties to accelerate efforts to "help it help itself."

He voiced concern over a 670% increase in local and state debt in the U.S. from 1946 to 1966, when the national debt was rising 65%, and urged pay-as-you-go school construction. Simon praised SWIMAPC President Henry D. Karandjoff for his leadership in establishing a state park at Horseshoe Lake.

The lieutenant governor urged reduction of the number of taxing agencies, suggested joint purchasing as a means of cutting costs and proposed greater statewide sharing of school and municipal costs. He suggested inclusion of all economic levels in each neighborhood to spread expertise in coping with life and to foster "neighbors helping neighbors."

Simon also called for increased cultural programs, development of mass transit and rapid transit, reduction of air and water pollution and extension of firefighting boundaries.

Raymond Anderson, Evansville, Ind., Redevelopment Commission executive secretary, called for better utilization of urban space and resources through increased citizen development.

The participants divided into groups to discuss housing, water and sewer facilities, recreation, health, law enforcement, vocational training, image improvements and other topics.

Theodore Mikelski, SWIMAPC director, planned the conference and it was coordinated by Charles McKinney, assistant director. McKinney later announced his resignation to accept another position.

Marine L/Cpl. Dwight Woods, son of Mrs. Vernice Golightly of 812 Washington street, Madison, is serving with Marine Air Base Squadron 36 which has been assigned to Okinawa following its departure from Vietnam.

His squadron was assigned to Okinawa as part of the President's plan to replace American troops in Vietnam with Vietnamese troops. He will complete his overseas assignment at Okinawa and then is scheduled for duty in the United States.

Yule Mail Call Nearing End for 1969 Season

Sailor brothers from two local families and a soldier who arrived in Vietnam just four weeks ago appear in today's "Yule Mail Call" list, the 20th compilation of servicemen's names and addresses to be published in this year's pre-Christmas public service project.

Addresses of Quad-City military personnel, stationed overseas or at home, will continue to be published until Christmas week.

Private First Class's Ron Chlopek, 21, departed for Vietnam on Nov. 10 and presently is assigned in the Saigon area. A son of Mr. and Mrs. John Chlopek, 3017 Marville road, the serviceman entered the Army last February.

Mr. and Mrs. J. Q. Tankersley, 3708 Pontoon road, have two sons undergoing Navy training at Great Lakes, Ill. Seaman Recruit Daniel N. Tankersley, 19, joined the U. S. Navy on Oct. 2. He is a 1968 graduate of Granite City high school and was employed at Kroger Co. in Nameoki Village.

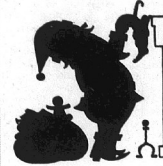

shopping center before enlistment. He has applied for special training in air mechanics. His older son, Ronald, 21, volunteered for Navy duty on Nov. 13. He had been employed at International Paper Co., St. Louis, since graduating from the local high school in 1966. After basic training, he is expecting assignment to a nuclear power training school.

The parents are hopeful that both sons will be allowed short leaves at Christmas time. Also parents of two Navy sons, Mr. and Mrs. Richard Ethington, 2737 Birch avenue, submitted their names and addresses to "Yule Mail Call."

Glenn D. Ethington, serving on board the USS Nitro in the Mediterranean Sea at the present time, will leave next month for his third tour of duty in Vietnam.

Police Chief Advises

Form Habits Now for Safe Winter Driving

Police Chief Ronald J. Veizer today advised drivers to start "acting out their frustrations" if they want to improve their winter driving know-how.

"The frustrations I'm referring to are the two major winter problems confronting driving drivers," the chief explained. "Inadequate traction and reduced visibility. 'Acting out' simply represents positive habits a driver can develop so that he knows how to react and is able to cope with winter's snow and ice problems."

Chief Veizer's "habits" that should be practiced until they become automatic reactions to winter problems are based on six steps to safer winter driving recommended by the National Safety Council's Committee on Winter Driving Hazards. They are endorsed by the International Association of Chiefs of Police.

Practice Habits

"You can develop and practice these habits, even in good weather and on dry roads," the chief emphasized. "You should do so because when winter's tricks catch up with you, it's too late to try to learn them."

The chief recommended the following:

Habit No. 1 — Develop the practice of getting the "feel" of the road every time you start to drive. Apply your brakes gradually. On a dry road you'll get a reading of how your brakes are working. On any kind of slip surface you'll find out where the skid point is. On ice or packed snow, accelerating carefully to see when the wheels spin also will give you the "feel" of the surface. Reduce speed accordingly.

Increase Distance
Habit No. 2 — Increase your following distance. It takes three to nine times as far to

stop on snow and ice as on dry pavement. Even on dry pavement, the rule is one car length for every 10 miles an hour of speed. Chances are you crowd the car ahead, even when conditions are ideal.

Habit No. 3 — Practice how to pump your brakes to slow or stop whenever traffic conditions permit. An intermittent pumping action three-to-five times per second keeps wheels rolling while you maintain steering control. When you're headed for a smashup is no time to learn this good habit.

Habit No. 4 — Always drive on good tires with good treads. For driving on snow, conventional snow tires provide half again as much pulling power as regular tires. On ice, studded snow tires offer still more help.

Ice Conditions
Habit No. 5 — When there's a chance you'll encounter severe snow or ice conditions, be sure you have reinforced tire chains in your car — and use them. They provide four-to-seven times as much traction on snow or ice as regular tires.

Habit No. 6 — Keep your windshield and windows clear at all times. Replace streaking wiper blades gone dead from exposure to sun, wind and city road film. Be sure your windshield washer solution contains adequate windshield anti-freeze and solvent.

"Winter driving isn't too much different from year-round driving — it's only more so," the chief pointed out, but that more is important. "It's too late to learn in a January storm what should have been a habit in December."

\$200,000 Suit Filed Over Train-Car Crash

A suit for \$200,000 was filed last week for Clyde Hartung of Edwardsville against the Illinois Terminal Railroad and William Vaughn of Madison, locomotive engineer, in Madison county circuit court at Edwardsville.

The complaint alleges that Hartung sustained severe and permanent injuries on Nov. 10 when his auto was struck by an ITR engine operated by Vaughn at the Old Wood River-Alton road crossing. Negligence was charged.

City Sued for \$50,000 Over Fall on Sidewalk

A suit for \$50,000 was filed last week for Mildred Rasch, 75, of Alton, against the city of Granite City and William Warfield, superintendent of streets, in Madison county circuit court at Edwardsville.

The complaint alleges she was injured when she fell over an obstruction on a sidewalk in the 2800 block of Edison avenue on a traffic signal violation charge at Nameoki road and

Mental Health Services At Hospitals Stressed

The importance of mental health care service provided by community hospitals was the principal topic discussed last week at a special two-day conference, attended by Ted Ellerman, assistant administrator and public relations director of St. Elizabeth Hospital.

Speakers at the conference, which concluded Thursday at the Arlington Park Towers, Chicago, stressed the need to incorporate additional mental health services into the hospital's overall program. Such services should be offered on an equal basis with standard hospital programs as obstetrics and pediatrics, seminar leaders stated.

The conference was given under the auspices of the American Hospital Association, the American Psychiatric Association and the National Institute of Mental Health, the St. Elizabeth official said.

McKinley PTA Christmas Party

The McKinley PTA school held its "Family Christmas party" Thursday evening in the school gymnasium. A capacity crowd of 300 was present for the festivities.

Decorations included a Christmas tree. Mrs. Juanita Hunter, president of the PTA, welcomed everyone to the party and introduced a young Granite City magician, Don Menke. He presented a magic show, assisted by three school children during several of the tricks.

Cartoons were shown and group Christmas cards were led by Mrs. Marnie Schaffer, vocal music teacher.

Highlight of the evening was the arrival of Santa, who greeted each child and gave out treats.

Refreshments were served by Meadams Sadie Bringer, Suzi Flynn, Juanita Hunter, Darlene Briley, Glenda Morlock, Alpha Barnhardt, Gloria DeRuntz, Louise Baker, Carol Wells and Verna Crocker.

A holiday door wreath was given to Richard Johnson.

The school Christmas party will be held Dec. 23 with the room mothers and the PTA furnishing refreshments. Santa Claus again will visit the school during the children's party.

The executive board will meet Jan. 8, and the next PTA meeting will be Jan. 15.

Green-McKinney Wedding Told

Mr. and Mrs. Ellis McKinney, 1717 Moro avenue, are announcing the marriage of their daughter, Miss Alice McKinney, and Robert Green, son of Mr. and Mrs. Howard Green of Granite City. The ceremony took place Dec. 8 at the home of the bride.

The bridegroom, a member of the Illinois National Guard, has completed basic training at Fort Lewis, Wash. He is presently employed at the McDonnell-Douglas Aircraft Corp.

The bride, a member of the Bunko-ettes, is presently employed at the Bunko-ettes Club. The ceremony was held at the Bunko-ettes Club.

After the dinner there was an exchange of gifts by Mrs. Leona Delaney, Mrs. Ruth Partney, Mrs. Rose Druhe, Mrs. Mae Ebling, Mrs. Juanita Blevins, Mrs. Helen Santagato, Mrs. Helen Lipchik, Mrs. Julia Portell, Mrs. Angie Buehler, Mrs. Florida Batson and Mrs. Dorothy Barnett.

Plans were made for the next meeting Jan. 8, with Mrs. Blevins, 2905 Denver street.

FRIENDSHIP PIN, presented by Mrs. Betty Kating, (right), leader of Girl Scout Troop 267, to Mrs. Mary Tilley, Americanism chairman, Tri-City American Legion Auxiliary, after presentation of an American flag.

Legion Unit Presents Flags

As part of a special program to encourage pride in the American flag, Tri-City Unit 113 of the American Legion Auxiliary last week presented American flags to Girl Scout and Brownie troops, sponsored by two Granite City schools.

Flags will be furnished by the auxiliary to any local organization upon written request, Mrs. Doris Edwards, Tri-City Unit 113 announced. The special project marks the American Legion Auxiliary's 50th anniversary year.

Brief ceremonies were conducted last week at Wilson elementary school, where Mrs. Mary Tilley, auxiliary Americanism chairman, accompanied by Mrs. Rae Douglas, unit secretary, presented a flag to Girl Scout Troop 267.

The gift was accepted by Mrs. Betty Kating, leader of the troop.

Refreshments were served by Mrs. Stemmer to Dana Holder, Jon Durrett, Tim Plafcan, Jay Gornell and Karen, Kenny, Brian, Richard and Joey Stemmer.

Mr. and Mrs. Stemmer attended a "college night" Thursday evening in Montgomery City, Mo., where Stemmer invited to discuss and answer questions concerning the recent purchase of the Joseph Steiner School of Beauty Arts in St. Charles, Mo. He also operates two hair fashion schools in Granite City.
